SUPPLEMENTARY INFORMATION: On July 27, 2016, the Commission instituted this investigation based on a complaint filed by Schütz Container Systems Inc. ("Schütz") of North Branch, New Jersey. 81 FR 49265. The complaint alleges

violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 ("section 337") based upon the importation into the United States or sale of certain composite intermediate bulk containers by reason of infringement of certain trade dress, the threat or effect of which is to substantially destroy or injure a domestic industry. *Id.* The Commission's Notice of Investigation named as the sole respondent Zhenjiang Runzhou Jinshan Packaging Factory ("Zhenjiang") of Hengshun Zhenjiang, China. *Id.* The Office of Unfair Import Investigations was also named as a party to this investigation. *Id.*

On February 22, 2017, the administrative law judge ("ALJ") issued Order No. 13, the subject ID, which granted an unopposed motion filed by Schütz to terminate the investigation based on the withdrawal of the complaint. The ALJ found that the motion complied with the Commission's rules for the termination of investigations, that no extraordinary circumstances prevented the termination of the investigation, and that termination of the investigation is in the public interest. No party filed a petition seeking review of the subject ID.

The Commission has determined not to review the subject ID. This investigation is terminated.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

SUPPLEMENTARY INFORMATION:

Background: The February 17, 2017, letter from USTR advised the Commission that several petitioners have withdrawn requests for waivers of the competitive need limitation (CNL) under the GSP program, and that in view of the withdrawals, USTR was withdrawing its request for Commission advice as to whether any industry in the United States is likely to be adversely affected by the waiver of the CNLs, whether like or directly competitive products were being produced in the

United States on January 1, 1995, and what the probable economic effect would be on total U.S. imports, as well as on consumers, of the subject CNL waivers. The letter asked that the Commission continue with its analysis

of all other petitions cited in the January 5, 2017 letter from the USTR. As a result, the Commission is terminating the portion of its investigation that concerns the waivers that are the subject of the withdrawn petitions and will not

provide advice regarding them. The withdrawn petitions concern the following articles, HTS subheadings, countries, and petitioners:
