

note that the “essence” of a network tap is to enable users to physically connect a computer or other monitoring device to a network for the purpose of evaluating, monitoring, or checking network issues. Moreover, with the Slim Tap, users of this network tap can use data incoming from a single source on multiple analyzing tools because the splitter from China splits incoming data into two signals. While both the adapters and splitters permit this connection between external devices and networks without disruption, both permitting the ingress and egress of data via the Slim Tap, the splitters from China enable the actual splitting of the signal, which permits the user to access the data on multiple analyzing tools. Therefore, we find that China is the country of origin of the Slim Tap for purposes of U.S. Government procurement.

HOLDING:

Based on the facts provided, the imported components will not be substantially transformed into the Slim Tap because the post-importation assembly process in the United States does not change the name, character and use of the imported adapters and splitters. As such, because the imported splitters constitute the “essence” of the Slim Tap, China will be considered the country of origin of the product for purposes of U.S. Government procurement.

Notice of this final determination will be given in the **Federal Register**, as required by 19 CFR 177.29. Any party-at-interest other than the party which requested this final determination may request, pursuant to 19 CFR 177.31, that CBP reexamine the matter anew and issue a new final determination. Pursuant to 19 CFR 177.30, any party-at-interest may, within 30 days of publication of the **Federal Register** Notice referenced above, seek judicial review of this final determination before the Court of International Trade.

BILLING CODE 7020-02-P

DEPARTMENT OF JUSTICE**Notice of Lodging of Proposed Consent Decree Under the Clean Air Act**

On April 17, 2017, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the District of Alaska in the lawsuit entitled *United States and State of Alaska v. Westward Seafoods, Inc.*, Civil Action No. 3:17-cv-00087-TMB.

This Consent Decree resolves disputes against Westward Seafoods, Inc. with respect to violations of the Clean Air Act at Westward's seafood processing facility in Dutch Harbor, Alaska. Coincidental with the entry of the Consent Decree we are also resolving claims for stipulated penalties for violations of a Consent Decree entered into with Westward regarding this facility in 2010 involving the Facility ("2010 Decree"). The same set of facts give rise to the violations of the CAA and the stipulated penalty provisions of the 2010 Decree.

The Consent Decree requires a penalty of \$570,000 (\$228,000 to the state of Alaska and \$342,000 to the United States). Moreover, Westward has to pay \$730,000 to resolve the Stipulated Penalty claims. Hence, Westward will pay a total of \$1,300,000 in penalties. In addition, the Consent Decree requires that: (1) Westward undertake injunctive relief relating to improved operation and maintenance procedures and employee training focused on the key power generators; (2) Westward be subject to Third Party Verification regarding compliance with the Decree and with Westward's Clean Air Act permit; and (3) Westward implement two mitigation projects.
