DEPARTMENT OF JUSTICE

Notice of Lodging Proposed Stipulation and Order

In accordance with Departmental Policy, 28 CFR 50.7, notice is hereby given that a proposed Stipulation and Order in *United States, et al. v. NSTAR Electric Co. d/b/a Eversource Energy, Harbor Electric Energy Co., and Massachusetts Water Resources Authority*, Civil Action No. 16-11470-RGS, was lodged with the United States District Court for the District of Massachusetts on May 23, 2017.

This proposed Stipulation and Order concerns a complaint filed by the United States against Defendants NSTAR Electric Co. d/b/a Eversource Energy, Harbor Electric Energy Co., and the Massachusetts Water Resources Authority, for violations of Section 10 of the Rivers and Harbors Act of 1899, 33 U.S.C. 403, and Section 404(s) of the Clean Water Act, 33 U.S.C. 1344(s). The complaint seeks injunctive relief from, and civil penalties against, the Defendants for violating a permit issued in 1989 by the United States Army Corps of Engineers pursuant to the above statutes. The permit allowed a submarine cable to be installed across Boston Harbor, from an electrical substation in South Boston to Deer Island. The complaint alleges that the Defendants are the permittees or successors-in-interest to the permittees. Also, the complaint alleges that, within two federal channels, the Reserved Channel and the Main Ship Channel, the Defendants laid the cable at shallower depths than what the permit required. The proposed Stipulation and

Order resolves these allegations by requiring the Defendants to lay a new cable from South Boston to Deer Island and then remove, or partly remove and partly abandon, the existing cable.

The Department of Justice will accept written comments relating to this proposed Stipulation and Order for thirty (30) days from the date of publication of this Notice. Please address comments to Christine Wichers, Assistant United States Attorney, United States Attorney's Office, One Courthouse Way, Suite 9200, Boston, MA 02210, and refer to *United States, et al. v. NSTAR Electric Co. d/b/a Eversource Energy, Harbor Electric Energy Co., and Massachusetts Water Resources Authority*, DJ # 90-5-1-1-20730.

The proposed Stipulation and Order may be examined at the Clerk's Office, United States District Court for the District of Massachusetts, One Courthouse Way, Suite 2300, Boston, MA 02210. In addition, the proposed Stipulation and Order may be examined electronically at <http://www.justice.gov/enrd/consent-decrees>.

Cherie L. Rogers,

Assistant Section Chief, Environmental Defense Section, Environment and Natural Resources Division.

BILLING CODE 4410-15-P

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

[NARA-2017-044]

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when agencies no longer need them for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives of the United States and to destroy, after a specified period, records lacking administrative, legal, research, or other value. NARA publishes notice in the **Federal Register** for records schedules in which agencies

propose to destroy records they no longer need to conduct agency business. NARA invites public comments on such records schedules.

DATES: NARA must receive requests for copies in writing by June 29, 2017. Once NARA finishes appraising the records, we will send you a copy of the schedule you requested. We usually prepare appraisal memoranda that contain additional information concerning the records covered by a proposed schedule. You may also request these. If you do, we will also provide them once we have completed the appraisal. You have 30 days after we send to you these requested documents in which to submit comments.

ADDRESSES: You may request a copy of any records schedule identified in this notice by contacting Records Appraisal and Agency Assistance (ACRA) using one of the following means:

Mail: NARA (ACRA), 8601 Adelphi Road, College Park, MD 20740–6001.
Email: request.schedule@nara.gov.
Fax: 301–837–3698.

You must cite the control number, which appears in parentheses after the name of the agency that submitted the schedule, and a mailing address. If you would like an appraisal report, please include that in your request.

FOR FURTHER INFORMATION CONTACT: Margaret Hawkins, Director, by mail at Records Appraisal and Agency Assistance (ACRA), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740–6001, by phone at 301–837–1799, or by email at request.schedule@nara.gov.

SUPPLEMENTARY INFORMATION: NARA publishes notice in the **Federal Register** for records schedules they no longer need to conduct agency business. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

Each year, Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing records retention periods and submit these schedules for NARA's approval. These schedules provide for timely transfer into the National Archives of historically valuable records and authorize the agency to dispose of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved

schedules, and some include records proposed as permanent.

The schedules listed in this notice are media neutral unless otherwise specified. An item in a schedule is media neutral when an agency may apply the disposition instructions to records regardless of the medium in which it creates or maintains the records. Items included in schedules submitted to NARA on or after December 17, 2007, are media neutral unless the item is expressly limited to a specific medium. (See 36 CFR 1225.12(e).)

Agencies may not destroy Federal records without Archivist of the United States' approval. The Archivist approves destruction only after thoroughly considering the records' administrative use by the agency of origin, the rights of the Government and of private people directly affected by the Government's activities, and whether or not the records have historical or other value.

In addition to identifying the Federal agencies and any subdivisions requesting disposition authority, this notice lists the organizational unit(s) accumulating the records (or notes that the schedule has agency-wide applicability when schedules cover records that may be accumulated throughout an agency); provides the control number assigned to each schedule, the total number of schedule items, and the number of temporary items (the records proposed for destruction); and includes a brief description of the temporary records. The records schedule itself contains a full description of the records at the file unit level as well as their disposition. If NARA staff has prepared an appraisal memorandum for the schedule, it also includes information about the records. You may request additional information about the disposition process at the addresses above.

Schedules Pending
