

5580, email hamptonroadswaterway@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce the safety zone in 33 CFR 165.506 from 9 p.m. until 10 p.m. on July 3, 2017, for the Shore Drive Fireworks. This action is being taken to provide for the safety of life on navigable waterways during the fireworks display. Our regulation for Recurring Marine Events within the Fifth Coast Guard District, § 165.506, specifies the location of the regulated area for this safety zone within a 400 yard radius of the center located at approximate position latitude 36°55'02" N., longitude 076°03'27" W., located at Virginia Beach, VA. As specified in § 165.506(d), during the enforcement period, no vessel may enter, remain in, or transit through the safety zone without approval from the Captain of the Port Sector Hampton Roads (COTP) or a COTP designated representative. The Coast Guard may be assisted by other Federal, state, or local law enforcement agencies in enforcing this regulation.

This notice of enforcement is issued under authority of 33 CFR 165.506(d) and 5 U.S.C. 552(a). In addition to this notice of enforcement published in the **Federal Register**, the Coast Guard plans to provide notification of this enforcement period via the Local Notice to Mariners and marine information broadcasts.

Dated: June 15, 2017.

Richard J. Wester,

Captain, U.S. Coast Guard, Captain of the Port, Hampton Roads.

Coast Guard

33 CFR Part 165

[Docket Number USCG-2017-0272]

RIN 1625-AA00

Safety Zones; Sector Upper Mississippi River Annual and Recurring Safety Zones Update

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is amending and updating its annual and recurring safety zones that take place in the Coast Guard Sector Upper Mississippi River Captain of the Port Zone (COTP Zone). This regulation informs the public of regularly scheduled events that require

additional safety measures through establishing a safety zone. Through this final rule the current list of recurring safety zones is updated with revisions, additional events, and removal of events that no longer take place in the COTP Zone. When these safety zones are enforced, vessel traffic is restricted from specified areas. Additionally, this rulemaking project serves to provide notice of the known recurring safety zones throughout the year.

DATES: This rule is effective July 6, 2017.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type USCG-2017-0272 in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email LCDR Sean Peterson, Chief of Prevention, U.S. Coast Guard; telephone 314-269-2332, email Sean.M.Peterson@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
COTP Captain of the Port Upper Mississippi River
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard preceded this final rule with a Notice of Proposed Rulemaking (NPRM) with request for comments. The NPRM was published in the **Federal Register** on May 8, 2017, (82 FR 21339). The NPRM updated current list of recurring safety zones with revisions, additional events, and removal of events that no longer take place in Sector Upper Mississippi River's COTP Zone. During the comment period that ended June 7, 2017, we received no comments.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of the rule is unnecessary, impracticable and against public interest. To wait for the rule to become effective after the publication is impracticable and against public interest because the Coast Guard would be prevented from enforcing the safety zones this rule is meant to enforce, which would prevent the Coast

Guard from providing safety to the public and property, and jeopardize public interests. It is also unnecessary to wait for 30 days because the public had been provided plenty of opportunity to comment on these safety zones, but provided no comments or disagreements.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1231. The Captain of the Port (COTP) Upper Mississippi River has determined that potential hazards associated with the recurring events will cause safety concerns. The purpose of this rule is to ensure safety of vessels and the navigable waters in the safety zones, before, during, and after the scheduled events.

IV. Discussion of Comments, Changes, and the Rule

As noted above, during the comment period for our NPRM that published May 8, 2017, no comments were received. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

This rule establishes recurring safety zones to restrict vessel transit into and through specified areas to protect spectators, mariners, and other persons and property from potential hazards presented during certain events taking place in Sector Upper Mississippi River's COTP Zone. This final rule amends, updates, and replaces Table 2 in 33 CFR 165.801. No vessel or person will be permitted to enter the safety zones without first obtaining permission from the COTP or a designated representative.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive Orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, it has not been reviewed

by the Office of Management and Budget.

This rule establishes safety zones limiting access to certain areas under 33 CFR 165 within Sector Upper Mississippi River's COTP Zone. The effect of this proposed rulemaking will not be significant because these safety zones are limited in scope and duration. Additionally, the public is given advance notification through local forms of notice, the **Federal Register**, and/or Notices of Enforcement and thus will be able to plan operations around the safety zones in advance. Entry into the safety zones established through this rulemaking may be requested from the COTP or a designated representative; requests will be considered on a case-by-case basis.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A. above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to

the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure,

we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves establishing safety zones limiting access to certain area under 33 CFR 165 within Sector Upper Mississippi River's COTP Zone. It is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

BILLING CODE 9110–04–P

DEPARTMENT OF HOMELAND SECURITY**Coast Guard****33 CFR Part 165**

[Docket Number USCG–2017–0277]

RIN 1625–AA00

Safety Zone; Dunkirk Lakeshore Air Show; Lake Erie, Dunkirk, NY

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone on Lake Erie, Dunkirk, NY. This safety zone is intended to restrict vessels from a portion of Lake Erie during the Dunkirk Lakeshore Air Show on July 1, 2017 and July 2, 2017. This temporary safety zone is necessary to protect participants, spectators, and vessels from the hazards associated with aerial stunts, low flying aircraft, and aircraft maneuvers. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port Buffalo (COTP).

DATES: This rule is effective from 12:45 p.m. on July 1, 2017, to 5:15 p.m. on July 2, 2017.

ADDRESSES: To view documents mentioned in this preamble as being

available in the docket, go to <http://www.regulations.gov>, type USCG–2017–0277 in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email LT Michael Collet, Chief of Waterways Management, U.S. Coast Guard Sector Buffalo; telephone 716–843–9322, email D09-SMB-SECBuffalo-WWM@uscg.mil.

SUPPLEMENTARY INFORMATION:**I. Table of Abbreviations**

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
Pub. L. Public Law
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency finds good cause that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(3)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because doing so would be impracticable and contrary to the public interest. The final details for this event were not provided to the Coast Guard until there was insufficient

time remaining before the event to publish an NPRM. Thus, delaying the effective date of this rule to wait for a comment period to run would be both impracticable and contrary to the public interest because it would inhibit the Coast Guard’s ability to protect spectators and vessels from the hazards associated with an air show over a navigable waterway.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this temporary rule effective less than 30 days after publication in the **Federal Register** because doing so would be impracticable and contrary to the public interest. Delaying the effective date would be contrary to the rule’s objectives of ensuring safety of life on the navigable waters and protection of persons and vessels near the event.

III. Legal Authority and Need for Rule

The Coast Guard issues this rule under authority in 33 U.S.C. 1231. On July 1, 2017 and July 2, 2017, between 12:45 p.m. and 5:15 p.m. each day, an air show will be held on the shoreline of Lake Erie in Dunkirk, NY. It is anticipated that there will be a heavy amount of recreational boating traffic present to view the air show. The Captain of the Port Buffalo has determined that potential hazards associated with an air show over a navigable waterway pose a significant risk to public safety and property within the immediate location of the show.

IV. Discussion of the Rule

This rule establishes a safety zone from 12:45 p.m. to 5:15 p.m. on July 1, 2017 and July 2, 2017. The safety zone will encompass all waters of Lake Erie;
