**5. Type of Information Collection**

*Request:* Extension of a currently approved information collection; *Title of Information Collection:* Health Care Reform Insurance Web Portal Requirements 45 CFR part 159; *Use:* In accordance with the provisions of the ACA referenced above, the U.S. Department of Health and Human Services created a Web site called *healthcare.gov* to meet these and other provisions of the law, and data collection was conducted for six months based upon an emergency information collection request. The interim final rule published on May 5, 2010 served as the emergency **Federal Register** notice for the prior information collection request. The Office of Management and Budget (OMB) reviewed the request under emergency processing and approved it on April 30, 2010.

CMS updated the web portal system where state Departments of Insurance and issuers log in using a custom user ID and password validation. The states are asked to provide information on issuers in their state and various Web sites maintained for consumers. The issuers are also tasked with providing information on their major medical insurance products and plans. They are ultimately given the choice to download a basic information template to enter data then upload into the web portal; to manually enter data within the web portal itself; or to submit .xml files containing their information. Once the states and issuers submit their data, they will receive an email notifying them of any errors, and that their submission was received.

CMS mandates that issuers verify and update their information on a quarterly basis and requests that States verify State-submitted information on an annual basis. In the event that an issuer enhances its existing plans, proposes new plans, or deactivates plans, the organization would be required to update the information in the web portal. Changes occurring during the three month quarterly periods will be allowed utilizing effective dates for both the plans and rates associated with the plans. *Form Number:* CMS-10320 (OMB control number: 0938-1086); *Frequency:* Annually, Quarterly; *Affected Public:* State, Local, and Tribal Governments; *Number of Respondents:* 305; *Total Annual Responses:* 5,500; *Total Annual Hours:* 89,725. (For policy questions regarding this collection contact Kim Heckstall at 410-786-1647).

**6. Type of Information Collection**

*Request:* Revision of currently approved collection; *Title of Information Collection:* Annual MLR and Rebate Calculation Report and MLR Rebate Notices; *Use:* Under Section 2718 of the Affordable Care Act and implementing regulation at 45 CFR part 158, a health insurance issuer (issuer) offering group or individual health insurance coverage must submit a report to the Secretary concerning the amount the issuer spends each year on claims, quality improvement expenses, non-claims costs, Federal and State taxes and licensing and regulatory fees, the amount of earned premium, and beginning with the 2014 reporting year, the amounts related to the reinsurance, risk corridors, and risk adjustment programs established under sections 1341, 1342, and 1343, respectively, of the Affordable Care Act. An issuer must provide an annual rebate if the amount it spends on certain costs compared to its premium revenue (excluding Federal and States taxes and licensing and regulatory fees) does not meet a certain ratio, referred to as the medical loss ratio (MLR). Each issuer is required to submit annually MLR data, including information about any rebates it must provide, on a form prescribed by CMS, for each State in which the issuer conducts business. Each issuer is also required to provide a rebate notice to each policyholder that is owed a rebate and each subscriber of policyholders that are owed a rebate for any given MLR reporting year. Additionally, each issuer is required to maintain for a period of seven years all documents, records and other evidence that support the data included in each issuer's annual report to the Secretary.

Under Section 1342 of the Patient Protection and Affordable Care Act and implementing regulation at 45 CFR part 153, issuers of qualified health plans (QHPs) must participate in a risk corridors program. A QHP issuer will pay risk corridors charges or be eligible to receive payments based on the ratio of the issuer's allowable costs to the target amount. Each QHP issuer is required to submit an annual report to CMS concerning the issuer's allowable costs, allowable administrative costs, premium, and proportion of market premium in QHPs. Risk corridors premium information that is specific to an issuer's QHPs is collected through a separate plan-level data form, which is included in this information collection. Additionally, each QHP issuer is required to maintain for a period of ten years all documents, records and other evidence sufficient to enable the

evaluation of the issuer's compliance with applicable risk corridors standards.

On May 2, 2017, CMS published a 60-day notice in the **Federal Register** (82 FR 20481) for the public to submit written comments on this information collection; the public comment period closed on July 3, 2017. As part of the 60-day notice, CMS updated its annual burden hour estimates to reflect the actual numbers of submissions, rebates and rebate notices.

CMS received a total of six comments on a number of specific issues regarding the notice of the revised MLR PRA package. CMS has taken into consideration all of the comments and has modified the information collection instruments and instructions (the 2016 MLR Annual Reporting Form and Instructions; no comments were submitted on the 2016 Risk Corridors Plan-Level Data Form and Instructions) in order to correct errors and to provide additional clarifications. These modifications do not affect the previously estimated burden hours or costs. *Form Number:* CMS-10418 (OMB Control Number: 0938-1164); *Frequency:* Annually; *Affected Public:* Private Sector, Business or other for-profits and not-for-profit institutions; *Number of Respondents:* 545; *Number of Responses:* 2,532; *Total Annual Hours:* 200,597. (For policy questions regarding this collection, contact Christina Whitefield at (301) 492-4172.)
