

110(a)(2)(D)(i)(I) with respect to the 1997 Annual PM_{2.5} NAAQS and/or should EPA not be able to finalize a full approval action, EPA will undertake further reconsideration of the FIP pursuant to the judicial remand. The Agency has made the preliminary determination that these proposed actions are consistent with the CAA and EPA's regulations for approval of a CSAPR full SIP revision replacing the requirements of a CSAPR FIP.

VII. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submittal that complies with the provisions of the Act and applicable federal regulations. *See* 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submittals, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this proposed action merely approves state law as meeting federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this proposed action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human

health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this proposed rule for South Carolina does not have Tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because it does not have substantial direct effects on an Indian Tribe. The Catawba Indian Nation Reservation is located within the state of South Carolina. Pursuant to the Catawba Indian Claims Settlement Act, S.C. Code Ann. 27-16-120, "all state and local environmental laws and regulations apply to the [Catawba Indian Nation] and Reservation and are fully enforceable by all relevant state and local agencies and authorities." However, the draft rules proposed for approval exclude units in Indian country from the applicable requirements of the draft rules and exclude federal trading provisions related to EPA's process for allocating and recording allowances from Indian country NUSAs. EPA notes this action will not impose substantial direct costs on Tribal governments or preempt Tribal law.

List of Subjects in 40 CFR Part 52

Environmental protection, Administrative practice and procedure, Air pollution control, Incorporation by reference, Intergovernmental relations, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides.

Authority: 42 U.S.C. 7401 *et seq.*

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 271

[EPA-R03-RCRA-2014-0407; FRL-9965-86-Region 3]

Delaware: Final Authorization of State Hazardous Waste Management Program Revisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: Delaware has applied to the United States Environmental Protection Agency (EPA) for final authorization of revisions to its hazardous waste program under the Resource

Conservation and Recovery Act (RCRA). EPA proposes to grant final authorization to Delaware. In the Rules and Regulations section of this issue of the **Federal Register**, EPA is authorizing the revisions by a direct final rule. We have explained the reasons for this authorization in the preamble to the direct final rule. Unless EPA receives written comments that oppose this authorization during the comment period, the direct final rule will become effective on the date it establishes, and EPA will not take further action on this proposal.

DATES: Send your written comments by September 11, 2017.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R03-RCRA-2014-0407, at <http://www.regulations.gov>. Follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from *Regulations.gov*. The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.* on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <http://www2.epa.gov/dockets/commenting-epa-dockets>.

FOR FURTHER INFORMATION CONTACT:

Evelyn Sorto, U.S. EPA Region III, RCRA Waste Branch, Mailcode 3LC32, 1650 Arch Street, Philadelphia, PA 19103-2029, Phone Number: (215) 814-2123; Email: sorto.evelyn@epa.gov.

SUPPLEMENTARY INFORMATION: In the "Rules and Regulations" section of this issue of the **Federal Register**, EPA is authorizing the revisions by a direct final rule. EPA did not make a proposal prior to the direct final rule because we believe this action is not controversial and do not expect comments that oppose it. We have explained the reasons for this authorization in the preamble of the direct final rule. Unless EPA receives adverse written comments that oppose this authorization during the comment period, the direct final

rule will become effective on the date it establishes, and EPA will not take further action on this proposal. If EPA receives comments that oppose this action, we will withdraw the Direct Final Rule, and it will not take effect. EPA will then respond to public comments in a later final rule based on this proposal and after consideration of all comments. You may not have another opportunity for comment. If you want to comment on this action, you must do so at this time. For additional information, please see the direct final rule published in the "Rules and Regulations" section of this issue of the **Federal Register**.

Dated: July 27, 2017.

Cecil Rodrigues,

Acting Regional Administrator, U.S. EPA Region III.

RIN 1018-BB34

Endangered and Threatened Wildlife and Plants; 6-Month Extension of Final Determination on the Proposed Endangered Status for Texas Hornshell (*Popenaias popeii*)

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Proposed rule; reopening of the comment period.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce a 6-month extension of the final determination of whether to add the Texas hornshell (*Popenaias popeii*), a freshwater mussel species from New Mexico, Texas, and Mexico, to the List of Endangered and Threatened Wildlife. We are also reopening the comment period on the proposed rule to list the species, for an additional 30 days. We are taking this action to extend the final determination based on substantial disagreement regarding the status of Texas hornshell in Mexico. We will submit a final listing determination to the **Federal Register** on or before February 10, 2018.

DATES: The comment period on the proposed rule that published August 10, 2016 (81 FR 52796), is reopened. We will accept comments received or

postmarked on or before September 11, 2017. If you comment using the Federal eRulemaking Portal (see **ADDRESSES**), you must submit your comments by 11:59 p.m. Eastern Time on the closing date.

ADDRESSES: You may submit comments by one of the following methods:

(1) *Electronically:* Go to the Federal eRulemaking Portal: <http://www.regulations.gov>. In the Search box, enter FWS-R2-ES-2016-0077. You may submit a comment by clicking on "Comment Now!"

(2) *By hard copy:* Submit by U.S. mail or hand-delivery to: Public Comments Processing, Attn: FWS-R2-ES-2016-0077; U.S. Fish and Wildlife Service Headquarters, MS: BPHC, 5275 Leesburg Pike, Falls Church, VA 22041-3803.

FOR FURTHER INFORMATION CONTACT:

Chuck Ardizzone, U.S. Fish and Wildlife Service, Texas Coastal Ecological Services Field Office, 17629 El Camino Real #211, Houston, TX 77058; on the Internet at <https://www.fws.gov/southwest/es/TexasCoastal/>; by telephone 281-286-8282; or by facsimile 281-488-5882. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service at 800-877-8339.

SUPPLEMENTARY INFORMATION:

Background

On August 10, 2016, we published a proposed rule (81 FR 52796) to list the Texas hornshell as an endangered species under the Endangered Species Act of 1973, as amended (Act; 16 U.S.C. 1531 *et seq.*). The List of Endangered and Threatened Wildlife under the Act is located in title 50 of the Code of Federal Regulations at 50 CFR 17.11(h). The publication of this proposed rule complied with a deadline established in a court-approved settlement agreement (Endangered Species Act Section 4 Deadline Litigation, No. 10-377 (EGS), MDL Docket No. 2165 (D.D.C. May 10, 2011)). That proposal had a 60-day comment period, ending October 11, 2016. We reopened the comment period for 30 days on May 30, 2017 (82 FR 24654), in order to hold two public hearings on the proposed rule. For a description of previous Federal actions concerning the Texas hornshell, please refer to the August 10, 2016, proposed listing rule (81 FR 52796).

We also solicited and received independent scientific review of the information contained in the proposed rule from peer reviewers with expertise in Texas hornshell or similar species ecology and identified threats to the species, in accordance with our July 1, 1994, peer review policy (59 FR 34270).

Section 4(b)(6) of the Act and its implementing regulations at 50 CFR 424.17(a) require that we take one of three actions within 1 year of a proposed listing: (1) Finalize the proposed rule; (2) withdraw the proposed rule; or (3) extend the final determination by not more than 6 months, if there is substantial disagreement regarding the sufficiency or accuracy of the available data relevant to the determination.

Since the publication of the proposed rule, there has been substantial disagreement regarding the interpretation of the limited surveys that exist for Texas hornshell in Mexico. This situation has led to a significant disagreement regarding the current conservation status of the species in Mexico. Therefore, in consideration of the disagreements surrounding the Texas hornshell's status, we are extending the final determination for 6 months in order to solicit information that will help to clarify these issues. With this 6-month extension, we will make a final determination on the proposed rule no later than February 10, 2018.

Information Requested

We will accept written comments and information during this reopened comment period on our proposed listing rule for Texas hornshell that was published in the **Federal Register** on August 10, 2016 (81 FR 52796). We will consider information and recommendations from all interested parties. We intend that any final action resulting from the proposal be as accurate as possible and based on the best available scientific and commercial data.

Due to the scientific disagreements described above, we are particularly interested in new information and comments regarding the status of and threats to any Texas hornshell population in Mexico.

If you previously submitted comments or information on the August 10, 2016, proposed rule (81 FR 52796), please do not resubmit them. We have incorporated previously submitted comments into the public record, and we will fully consider them in the preparation of our final determination. Our final determination concerning the proposed listing will take into consideration all written comments and any additional information we receive.

You may submit your comments and materials concerning the proposed rule by one of the methods listed in **ADDRESSES**. We request that you send comments only by the methods described in **ADDRESSES**.
