AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule.

SUMMARY: Upon application from the U.S. Air Force (USAF) 86 Fighter Weapons Squadron (hereinafter referred to as 86 FWS), NMFS is issuing regulations under the Marine Mammal Protection Act (MMPA) for the taking of marine mammals incidental to Long Range Strike (LRS) Weapons System Evaluation Program (WSEP) exercises on the Barking Sands Underwater Range Expansion (BSURE) of the Pacific Missile Range Facility (PMRF) off Kauai, Hawaii. These regulations allow NMFS to issue a Letter of Authorization (LOA) for the incidental take of marine mammals during the USAF 86 FWS's specified activities carried out during the rule's period of effectiveness, set forth the permissible methods of taking, set forth other means of effecting the least practicable adverse impact on marine mammal species or stocks and their habitat, and set forth requirements pertaining to the monitoring and reporting of the incidental take. The specific activities are classified as military readiness activities.

DATES: Effective on August 21, 2017, through August 22, 2022.

ADDRESSES: To obtain an electronic copy of the USAF 86 FWS's LOA application or other referenced documents, visit the Internet at: <http://www.nmfs.noaa.gov/pr/permits/incidental/military.htm>. Background

Section 101(a)(5)(A) of the MMPA (16 U.S.C. 1371(a)(5)(A)) directs the Secretary of Commerce to allow, upon

request, the incidental, but not intentional taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region for up to five years if, after notice and public comment, the agency makes certain findings and issues regulations that set forth permissible methods of taking pursuant to that activity, as well as monitoring and reporting requirements. Section 101(a)(5)(A) of the MMPA and the implementing regulations at 50 CFR part 216, subpart I provide the legal basis for issuing this rule and any subsequent LOA pursuant to those regulations. As directed by this legal authority, this final rule contains mitigation, monitoring, and reporting requirements.

Authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the Secretary sets forth permissible methods of taking and other means of effecting the least practicable impact on the species or stock and its habitat. NMFS has defined "negligible impact" in 50 CFR 216.103 as "an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival."

The National Defense Authorization Act for Fiscal Year 2004 (Section 319, Pub. L. 108-136, November 24, 2003) (NDAA of 2004) removed the "small numbers" and "specified geographical region" limitations indicated earlier and amended the definition of harassment as it applies to a "military readiness activity" to read as follows (Section 3(18)(B) of the MMPA, 16 U.S.C. 1362(18)(B)): "(i) Any act that injures or has the significant potential to injure a marine mammal or marine mammal stock in the wild" (Level A Harassment); "or (ii) any act that disturbs or is likely to disturb a marine mammal or marine mammal stock in the wild by causing disruption of natural behavioral patterns, including, but not limited to, migration, surfacing, nursing, breeding, feeding, or sheltering, to a point where such behavioral patterns are abandoned or significantly altered" (Level B Harassment).

National Environmental Policy Act

To comply with the National Environmental Policy Act of 1969 (NEPA; 42 U.S.C. 4321 *et seq.*) and NOAA Administrative Order (NAO) 216-6A, NMFS must review the
