International Trade Administration

Proposed Information Collection; Comment Request; Participant Application, Participant Exit Questionnaire, Alumni Success Story Report

AGENCY: International Trade Administration, Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before October 23, 2017.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at PRAComments@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Department of Commerce, International Trade Administration, SABIT, Attn: Tracey Rollins, 1401 Constitution Ave. NW., 20230, (202) 482-0073, tracy.rollins@trade.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Special American Business Internship Training (SABIT) Program of the Department of Commerce's International Trade Administration (ITA), is a key element in the U.S. Government's efforts to support the economic transition of Eurasia (the former Soviet Union) and to support economic growth in other regions of the world, including Pakistan, South Asia, and the Middle East, et al. SABIT develops and implements two- to three-week training programs for groups of up to 20 business and government professionals from Eurasia and other regions. These professionals meet with U.S. government agencies, non-governmental organizations and private sector companies in order to learn about various business practices and principles. This unique private sector-U.S. Government partnership was created in order to tap into the U.S. private sector's expertise and to assist developing regions in their transition to market-based economies while simultaneously boosting trade between the United States and other countries. Participant applications are needed to enable SABIT to find the most qualified participants for the training programs. Participant exit questionnaires provide insight as to what the participants have learned, and they are used to improve the content and administration of future programs. Alumni success story reports track the success of the program as regards to business ties between the U.S. and the countries SABIT covers.

The closing date for participant applications is based upon the starting date of the program and is published with the application, on the program's English-language Web site at www.trade.gov/sabit, and also on the Russian-language Web site at www.sabitprogram.org, if applicable. Pursuant to section 632(a) of the Foreign Assistance Act of 1961, as amended, funding for the programs will be provided by the Agency for International Development (AID).

The SABIT Program has revised the collection instruments. The instruments are very similar to those used by SABIT in past years. However, some wording has been changed to reflect the changing needs of SABIT over time. The changes are relatively minor and most of them are rephrasing of wording. Instructions for filling out the form, methods of submission, and the order of questions have been revised on the Participant Application. These revisions are not expected to increase the response time to complete the instruments.

II. Method of Collection

Participant applications are available for download from the SABIT English and Russian language Web sites at www.trade.gov/sabit and www.sabitprogram.org. Applications may be sent to program candidates via email or fax upon request. Applications are collected via email. Participant exit questionnaires are given to program participants at the completion of programs in by email and are collected by email, although in rare situations, a paper questionnaire may be completed and submitted. Alumni success story reports are used internally by SABIT staff to record success information, but at times they may be sent to alumni to fill out and submit via email or fax.

III. Data

OMB Control Number: 0625-0225.

Form Number(s): ITA-4143P-3.

Type of Review: Regular submission (revision of a currently approved information collection).

Affected Public: Individuals or households; Business or other for-profit organizations.

Estimated Number of Respondents: 3,500.

Estimated Time per Response: Participant application, 3 hours; participant exit questionnaire, 1 hour; alumni success story report, 1 hour.

Estimated Total Annual Burden Hours: 7,000.

Estimated Total Annual Cost to Public: \$0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection;

they also will become a matter of public record.

Taking and Importing Marine Mammals; Taking Marine Mammals Incidental to Testing and Training Activities Conducted in the Eglin Gulf Test and Training Range

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application for Letter of Authorization; request for comments and information.

SUMMARY: NMFS has received a request from the United States Air Force (USAF), Eglin Air Force Base (AFB) 96th Test Wing (AFMC) for authorization to take marine mammals incidental to conducting testing and training activities in the Eglin Gulf Test and Training Range (EGTTR) in the Gulf of Mexico over the course of five years, from February 4, 2018 through February 3, 2023. Pursuant to regulations implementing the Marine Mammal Protection Act (MMPA), NMFS is announcing receipt of Eglin AFB's request for the development and implementation of regulations governing the incidental taking of marine mammals and inviting information, suggestions, and comments on Eglin AFB's application and request.

DATES: Comments and information must be received no later than September 25, 2017.

ADDRESSES: Comments on the application should be addressed to Jolie Harrison, Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910-3225 and electronic comments should be sent ITP.Pauline@noaa.gov.

Instructions: NMFS is not responsible for comments sent by any other method, to any other address or individual, or received after the end of the comment period. Comments sent via email, including all attachments, must not exceed a 25-megabyte file size.

Attachments to electronic comments will be accepted in Microsoft Word or Excel or Adobe PDF file formats only. All comments received are a part of the public record and will generally be posted to www.nmfs.noaa.gov/pr/permits/military.htm without change. All personal identifying information (for example, name, address, etc.) voluntarily submitted by the commenter may be publicly accessible. Do not submit confidential business information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT: Rob Pauline, Office of Protected Resources, NMFS, (301) 427-8401.

An electronic copy of Eglin AFB's application may be obtained online at: www.nmfs.noaa.gov/pr/permits/incidental/military.htm. In case of problems accessing the document, please call the contact listed above.

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals of a species or population stock, by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

An authorization for incidental takings for marine mammals shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the permissible methods of taking and requirements pertaining to the mitigation, monitoring, and reporting of such taking are set forth. NMFS has defined "negligible impact" in 50 CFR 216.103 as an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival.

The NDAA of 2004 (Pub. L. 108-136) removed the "small numbers" and "specified geographical region" limitations indicated earlier and amended the definition of harassment as it applies to a "military readiness

activity" to read as follows (Section 3(18)(B) of the MMPA): (i) Any act that injures or has the significant potential to injure a marine mammal or marine mammal stock in the wild (Level A Harassment); or (ii) any act that disturbs or is likely to disturb a marine mammal or marine mammal stock in the wild by causing disruption of natural behavioral patterns, including, but not limited to, migration, surfacing, nursing, breeding, feeding, or sheltering, to a point where such behavioral patterns are abandoned or significantly altered (Level B Harassment). Eglin AFB has identified these testing and training activities as military readiness activities.

On April 23, 2012, NMFS promulgated a rulemaking and issued a Letter of Authorization (LOA) for takes of marine mammals incidental to Eglin AFB's Naval Explosive Ordnance Disposal School (NEODS) training operations at Eglin AFB. This rule expired on April 24, 2017 (77 FR 16718, March 22, 2012). On March 5, 2014, NMFS promulgated rulemaking and issued a LOA for takes of marine mammals incidental to Eglin AFB's Air Force Special Operations Command (AFSOC) precision strike weapons (PSW) and air-to-surface (AS) gunnery activities in the EGTTR, which is valid through March 4, 2019 (79 FR 13568, March 11, 2014). In addition to these rules and LOAs, NMFS has issued Incidental Harassment Authorizations (IHA) for take of marine mammals incidental to Eglin AFB's Maritime Strike Operations (78 FR 52135, August 22, 2013; valid August 19, 2013 through August 18, 2014) and Maritime Weapons Systems Evaluations Program (WSEP) annually in 2015 (81 FR 7307) and 2016 (82 FR 10747). Eglin AFB complied with all conditions of the LOAs and IHAs issued, including submission of final reports. Based on these reports, NMFS has determined that impacts to marine mammals were not beyond those anticipated. On November 10, 2015, Eglin Natural Resources submitted an LOA request to consolidate all EGTTR activities into one authorization for five years. NMFS Office of Protected Resources planned to issue the EGTTR LOA by January 2017. However, it became apparent that the LOA would not be issued in time to cover February 2017 Maritime WSEP missions based on concerns associated with the acoustic model methodology and mission-day scenario versus per-detonation approach. Eglin Natural Resources requested and received a separate IHA (82 FR 10747, February 15, 2017) valid from February 4, 2017 through February 3, 2018 for those
