

Nominations will be evaluated on the basis of several criteria, including: The professional background, expertise, and experience that would contribute to the diversity of perspectives of the committee; interpersonal, oral, and written communication skills and other attributes that would contribute to the HSRB's collaborative process; consensus building skills; absence of any financial conflicts of interest or the appearance of a lack of impartiality, or lack of independence, or bias; and the availability to participate in meetings and administrative sessions, participate in teleconferences, develop policy recommendations to the Administrator, and prepare recommendations and advice in reports.

Nominations should include a resume or curriculum vitae providing the nominee's educational background, qualifications, leadership positions in national associations or professional societies, relevant research experience and publications along with a short (one page) biography describing how the nominee meets the above criteria and other information that may be helpful in evaluating the nomination, as well as the nominee's current business address, email address, and daytime telephone number. Interested candidates may self-nominate.

To help the Agency in evaluating the effectiveness of its outreach efforts, nominees are requested to inform the Agency of how you learned of this opportunity.

Final selection of HSRB members is a discretionary function of the Agency and will be announced on the HSRB Web site at <https://www.epa.gov/osa/human-studies-review-board> as soon as selections are made.

Dated: August 24, 2017.

Robert Kavlock,

EPA Science Advisor.

Notice of Final Agency Action To Issue a Prevention of Significant Deterioration Non-Applicability Determination for Tesoro Refining and Marketing for Further Integration of Its Carson and Wilmington Facilities

AGENCY: Region 9, United States Environmental Protection Agency (EPA).

ACTION: Notice of final agency action.

SUMMARY: This notice announces that the EPA issued a final agency action for a Clean Air Act Prevention of Significant Deterioration (PSD) Non-Applicability Determination to Tesoro

Refining & Marketing Company LLC (Tesoro) for further integration of its Carson and Wilmington facilities in California's South Coast Air Basin. Tesoro has termed its construction project the Los Angeles Refinery Integration and Compliance (LARIC) Project. Tesoro intends to shut down certain units, modify other units and construct new units to facilitate physically connecting the two refineries to improve efficiency and comply with EPA's Tier 3 Gasoline regulations. In its Non-Applicability Determination, the EPA determined that the LARIC Project is a not a major PSD modification.

DATES: The PSD Non-Applicability Determination issued on June 20, 2017 was a final agency action. Pursuant to section 307(b)(1) of the Clean Air Act, 42 U.S.C. 7607(b)(1), judicial review of this final agency action may be sought by filing a petition for review in the United States Court of Appeals for the Ninth Circuit within 60 days of September 15, 2017.

ADDRESSES: Copies of documents relevant to the above-referenced action are available electronically at the following Web site: <https://www.epa.gov/caa-permitting/tesoro-los-angeles-refinery-integration-and-compliance-project>. See **FOR FURTHER INFORMATION CONTACT** to arrange for viewing of these documents.

FOR FURTHER INFORMATION CONTACT: La Weeda Ward, Permits Office (Air-3), U.S. Environmental Protection Agency, Region 9, (213) 244-1812, ward.laweeda@epa.gov.

NOTICE OF FINAL ACTION: On June 20, 2017, EPA notified Tesoro that based on our review of its PSD Non-Applicability Analysis, the LARIC Project is not a major modification that requires a PSD permit under 40 CFR 52.21.

Dated: August 24, 2017.

Elizabeth J. Adams,

Acting Director, Air Division, Region IX.

Notice of Issuance of Part 71 Federal Operating Permits for Cloquet Compressor Station No. 5, Grand Casino Hinckley, Treasure Island Resort & Casino, and Mystic Lake Casino Hotel; and Notice of Issuance of Part 52 Federal Construction Permit for Grand Casino Hinckley

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces that the Environmental Protection Agency (EPA) issued Federal operating permits to Great Lakes Gas Transmission Limited Partnership (Great Lakes Gas), NRG Reliability Solutions, LLC, Mille Lacs Corporate Ventures dba Grand Casino Hinckley (Mille Lacs Corporate Ventures), and Shakopee Mdewakanton Sioux Community of Minnesota (SMSC). EPA also issued a Federal construction permit to Mille Lacs Corporate Ventures.

ADDRESSES: The final signed permits are available for public inspection online at <http://yosemite.epa.gov/r5/r5ard.nsf/Tribal+Permits!OpenView>, or during normal business hours at the following address: U.S. Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. We recommend that you call Paymon Danesh, Environmental Engineer, at (312) 886-6219 before visiting the Region 5 office.

FOR FURTHER INFORMATION CONTACT: Paymon Danesh, Environmental Engineer, Air Permits Section, Air Programs Branch (AR-18)), Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886-6219, danesh.paymon@epa.gov.

SUPPLEMENTARY INFORMATION: Throughout this document whenever “we,” “us,” or “our” is used, we mean EPA.

A. What is the background information?

i. Great Lakes Gas Transmission—Cloquet Compressor Station No. 5 (CS#5)

CS#5 operates three stationary natural gas-fired turbines which drive three natural gas compressors. One natural gas-fired emergency generator provides electrical power for compressor station operations during periods of electrical power disruption. CS#5 is located approximately 8 miles west of Cloquet, Minnesota. CS#5 is owned and maintained by Great Lakes Gas on privately-owned fee land within the exterior boundaries of the Fond du Lac Band of Lake Superior Chippewa Reservation. EPA is responsible for issuing and enforcing any air quality permits for the source until such time that the Fond du Lac Band of Lake Superior Chippewa has EPA approval to do so.

On August 14, 2015, EPA received from Great Lakes Gas a permit application to renew its 2011 title V operating permit for CS#5. On

September 30, 2016, EPA received supplemental information from Great Lakes Gas. On December 9, 2016, EPA published a draft title V permit for public comment. The public comment period ended on January 9, 2017, and EPA did not receive any comments. EPA issued the final permit for CS#5, permit number V-FDL-271300066-2016-03, on January 26, 2017. Pursuant to 40 CFR 71.11(i)(2)(iii), the permit became effective immediately upon issuance since EPA did not receive any comments requesting a change in the draft permit.

ii. Treasure Island Resort & Casino

NRG Reliability Solutions, LLC, owns and operates four diesel-fired generators at the Treasure Island Resort & Casino in Red Wing, Minnesota. The generators are located on the Prairie Island Indian Community's reservation on lands held in trust by the Federal government. Since the generators are located on lands held in trust by the Federal government, EPA is primarily responsible for issuing permits for the source.

On October 12, 2016, EPA received from NRG Reliability Solutions, LLC, a permit application requesting to revise the carbon monoxide testing interval required pursuant to 40 CFR 63 subpart ZZZZ for limited use stationary reciprocating internal combustion engines. On December 13, 2016, EPA published a draft title V significant modification for public comment. The public comment period ended January 12, 2017. EPA did not receive any comments on this permit. EPA issued the final permit, permit number V-PI-2704900084-2012-13, on January 27, 2017. Pursuant to 40 CFR 71.11(i)(2)(iii), the permit became effective immediately upon issuance since EPA did not receive any comments on the permit.

iii. Grand Casino Hinckley

Mille Lacs Corporate Ventures owns and operates three non-emergency internal combustion engines used for peak load management and backup power at the Grand Casino Hinckley, located in Hinckley, Minnesota. Mille Lacs Corporate Ventures also owns and operates two diesel-fired emergency internal combustion engines, used for backup power. All electricity generated is used onsite. The facility is located on land that is held in trust for the Mille Lacs Band of Ojibwe. EPA is responsible for issuing and enforcing any air quality permits for the source until such time that the Mille Lacs Band of Ojibwe has EPA approval to do so.

On July 31, 2015, EPA received from Mille Lacs Corporate Ventures a permit application to renew its 2010 title V operating permit for Grand Casino Hinckley. On September 23, 2015, EPA requested additional information from Mille Lacs Corporate Ventures, who submitted a response to the request on October 22, 2015. EPA found the application to be complete on December 22, 2015. On August 25, 2016, EPA published a draft title V permit for public comment. The public comment period ended on September 24, 2016. EPA received one comment from Mille Lacs Corporate Ventures requesting a change to the permit and responded to all comments. EPA issued the final permit for Grand Casino Hinckley, permit number V-ML-2711500031-2016-01, on October 20, 2016. Pursuant to 40 CFR 71.11(i)(2), the permit became effective on November 20, 2016.

On November 1, 2016, EPA received from Mille Lacs Corporate Ventures a significant permit modification application requesting a revision to the facility's annual oxides of nitrogen (NO_x) compliance test requirements. On May 3, 2017, EPA published a draft title V permit and draft Prevention of Significant Deterioration (PSD) permit for public comment. The public comment period ended on June 5, 2017. EPA did not receive any significant comments on the permits. EPA issued the final permits for Grand Casino Hinckley, title V permit number V-ML-2711500031-2016-02, and PSD permit number PSD-ML-2711500031-2017-03, on July 6, 2017. Pursuant to 40 CFR 71.11(i)(2)(iii) and 40 CFR 124.15(b)(3), the permits became effective immediately upon issuance since EPA did not receive any comments on the permits.

iv. Mystic Lake Casino Hotel

SMSC owns and operates 14 non-emergency internal combustion engines for peak load management and backup power at Mystic Lake Casino Hotel, located in Prior Lake, Minnesota. Mystic Lake Casino Hotel is located on reservation land that is held in trust for SMSC. EPA is responsible for issuing and enforcing any air quality permits for the source until such time that SMSC has EPA approval to do so.

On February 23, 2016, EPA received from SMSC an initial title V permit application for Mystic Lake Casino Hotel. The application was deemed complete on April 22, 2016. On May 9, 2017, SMSC provided additional information to address title I construction permit requirements that had become applicable since the title V application was filed. On May 25, 2017,

EPA published a draft title V permit for public comment. The public comment period ended on June 30, 2017, and EPA did not receive any significant comments. EPA issued the final permit for Mystic Lake Casino Hotel, permit number V-27139R0001-2016-01, on July 13, 2017. Pursuant to 40 CFR 71.11(i)(2)(iii), the permit became effective immediately upon issuance since EPA did not receive any comments requesting a change in the draft permit.

B. Appeal of the Permits

Pursuant to 40 CFR 71.11(l), any person who filed comments on the draft permit may petition for administrative review subject to the requirements of 40 CFR 71.11(l). If no one filed comments on the draft permit and the final permit is identical to the permit as proposed, any person may petition for administrative review of the permit only to the extent that grounds for a petition have arisen that were not reasonably foreseeable during the public comment period on the draft permit. For CS#5 permit number V-FDL-271300066-2016-03, the 30-day period during which a person may seek review under 40 CFR 71.11(l) began on January 30, 2017. For Treasure Island Resort & Casino permit number V-PI-2704900084-2012-13, the 30-day period during which a person may seek review under 40 CFR 71.11(l) began on January 31, 2017. For Grand Casino Hinckley permit number V-ML-2711500031-2016-01, the 30-day period during which a person may seek review under 40 CFR 71.11(1) began on October 20, 2016. For Grand Casino Hinckley permit number V-ML-2711500031-2016-02, the 30-day period during which a person may seek review under 40 CFR 71.11(1) began on July 14, 2017. For Mystic Lake Casino Hotel permit number V-27139R0001-2016-01, the 30-day period during which a person may seek review under 40 CFR 71.11(1) began on July 14, 2017.

Pursuant to 40 CFR 124.19(2), any person who filed comments on the draft PSD permit may file a petition for review as provided in 40 CFR 124.19. Additionally, any person who failed to file comments may petition for administrative review of any permit conditions set forth in the final permit decision, but only to the extent that those final permit conditions reflect changes from the proposed draft permit. For Grand Casino Hinckley permit number PSD-ML-2711500031-2017-03, the 30-day period during which a person may seek review under 40 CFR 124.19 began on July 14, 2017.

C. What is the purpose of this notice?

EPA is notifying the public of the issuance of title V operating permits to Great Lakes Gas, NRG Reliability Solutions, LLC, Mille Lacs Corporate Ventures and SMSC. EPA is also notifying the public of the issuance of a title I construction permit to Mille Lacs Corporate Ventures.

EPA issued permit number V-FDL-2713700066-2016-03 to Great Lakes Gas on January 26, 2017, which became effective immediately upon issuance. EPA issued permit number V-PI-2704900084-2012-13 to NRG Reliability Solutions, LLC on January 27, 2017, which became effective immediately upon issuance. EPA issued permit number V-ML-2711500031-2016-01 on October 20, 2016 to Mille Lacs Corporate Ventures, which became effective on November 20, 2016. EPA issued permit numbers V-ML-2711500031-2016-02 and PSD-ML-2711500031-2017-03 on July 6, 2017 to Mille Lacs Corporate Ventures, which became effective immediately upon issuance. EPA issued permit number V-27139R0001-2016-01 on July 13, 2017 to SMSC, which became effective immediately upon issuance.

Authority: 42 U.S.C. 7401 *et seq.*

Dated: August 14, 2017.

Robert A. Kaplan,

Request for Public Comments To Be Sent to Versar, Inc., on an Interim List of Perchlorate in Drinking Water Expert Peer Reviewers and Draft Peer Review Charge Questions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of request for public comment.

SUMMARY: The U.S. Environmental Protection Agency (EPA) is announcing a request for public comment on an interim list of peer review candidates and materials that relate to the expert peer review to support EPA's Safe Drinking Water Act decision making for perchlorate. *This request is one of two Federal Register notices being published concurrently, seeking public comment on two separate sets of materials.* This notice requests comments to be sent to EPA's

contractor, Versar, Inc., on the interim list of peer review candidates and the draft charge questions. Versar, Inc., will consider the comments received on this notice in selecting the final peer review panel, which will collectively provide appropriate expertise spanning the subject matter areas covered by the draft report and, to the extent feasible, best provide a balance of perspectives. EPA will consider comments received on this notice to help inform the final peer review panel's charge. The companion notice requests comments (to be sent to EPA) on a draft report entitled "Draft Report: Proposed Approaches to Inform the Derivation of a Maximum Contaminant Level Goal for Perchlorate in Drinking Water" (draft MCLG Approaches Report).

DATES: Comments must be received on or before October 6, 2017.

ADDRESSES: Submit your comments to Versar, Inc., no later than *October 6, 2017* by one of the following methods:

- *Email:* perchlorate@versar.com (subject line: Perchlorate Peer Review)
- *Mail:* Versar, Inc., 6850 Versar Center, Springfield, VA 22151 (ATTN: Tracey Cowen).

Please be advised that public comments are subject to release under the Freedom of Information Act.

FOR FURTHER INFORMATION CONTACT:

Questions concerning the interim list of expert peer review candidates and draft peer review charge questions should be directed to Versar, Inc., at 6850 Versar Center, Springfield, VA 22151; by email perchlorate@versar.com (subject line: Perchlorate Peer Review); or by phone: (301) 304-3121 (ask for Tracey Cowen).

SUPPLEMENTARY INFORMATION:

I. Process of Obtaining Candidate Reviewers

EPA announced a public nomination period from March 1, 2016, to March 31, 2016, in the **Federal Register** (81 FR 10617; March 1, 2016), during which members of the public were able to nominate scientific experts with knowledge and experience in one or more of the following areas: (1) Physiologically-based pharmacokinetic (PBPK), physiologically-based pharmacokinetic/pharmacodynamic (PBPK/PD) and/or biologically based dose-response (BBDR) modeling, (2) fetal and neonatal thyroid endocrinology (clinical and experimental), (3) iodide homeostasis, and (4) perchlorate toxicology and mode of action or adverse outcome pathway. On June 3, 2016, in the **Federal Register** (81 FR 35760), EPA invited the public to also nominate scientific experts with knowledge and experience in one or
