

402(p); 40 (CFR) Parts 122, 123, 124, and 125 (and Parts 501 and 503 for Biosolids); and the Great Lakes Critical Programs Act (CPA).

Estimated number of respondents: 935,020 total (934,383 permittees and 637 States/Tribes/Territories).

Frequency of response: Varies depending on the specific response activity and can range from ongoing and monthly to once every 5 years.

Total estimated burden: 28,239,262 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$1,476,244,044 (per year), includes \$43,659,009 annualized capital or operation & maintenance costs.

Changes in the estimates: There is a net increase of 836,289 (3%) hours in the total estimated respondent burden compared with the combined burden of the component ICRs currently approved by OMB. This change in the total is primarily due to a combination of both burden increases and decreases in the component ICRs. Minor changes in the estimated burden occurred for five of the eight component ICRs (NPDES ICR, Pesticide Applicators ICR, National Pretreatment Program ICR, Cooling Water Intake Structures Phase I New Facilities ICR, and the Cooling Water Intake Structures Phase III Facilities ICR). Significant changes occurred for three of the eight component ICRs (Consolidated Animal Sectors ICR, Cooling Water Intake Structures Existing Facility ICR, and Electronic Reporting Rule ICR). These significant changes included: (1) A decrease of 12 percent in the animal sector labor burden due to revised EPA estimates based on changes in industry practice, adherence to USDA guidelines, and industry consolidation (OMB Control No. 2040-0250); (2) an increase of 140 percent in the cooling water intake structures existing facilities labor burden due to the coincidence of the period of greatest implementation burden with the three year ICR period (OMB Control No. 2040-0257); and (3) a decrease of 164 percent in the electronic reporting rule labor burden due to the reduced need for data input due to increased participation in electronic filing of forms and reports as the rule is implemented (OMB Control No. 2020-0035).

Courtney Kerwin,

Director, Regulatory Support Division.

Environmental Impact Statements; Notice of Availability

Responsible Agency: Office of Federal Activities, General Information (202) 564-7146 or <http://www2.epa.gov/nepa/>.

Weekly receipt of Environmental Impact Statements (EIS)
Filed 09/11/2017 Through 09/15/2017
Pursuant to 40 CFR 1506.9.

Notice

Section 309(a) of the Clean Air Act requires that EPA make public its comments on EISs issued by other Federal agencies. EPA's comment letters on EISs are available at: <https://cdxnodengn.epa.gov/cdx-nepa-public/action/eis/search>.

EIS No. 20170178, Draft Supplement, USACE, NM, Middle Rio Grande Flood Protection Bernalillo to Belen, New Mexico: Mountain View, Isleta and Belen Units Integrated General Reevaluation Report and Supplemental Environmental Impact Statement, Comment Period Ends: 11/06/2017, Contact: Michael D. Porter 505-342-3264.

EIS No. 20170179, Draft, USFS, CA, Craggy Vegetation Management, Comment Period Ends: 11/06/2017, Contact: Andrew Mueller 530-468-1223.

EIS No. 20170180, Final, USFS, CA, Trinity Post Fire Hazard Reduction and Salvage, Review Period Ends: 10/30/2017, Contact: Thomas Hall 530-628-1200.

EIS No. 20170181, Revised Draft, USACE, WA, Mount St. Helens Long-Term Sediment Management Plan, Comment Period Ends: 11/06/2017, Contact: Ann Hodgson 503-808-4663.

EIS No. 20170182, Final, USACE, OK, ADOPTION—Plains and Eastern Clean Line Transmission Line Project, Review Period, Contact: David Gade 918-669-7579. The U.S. Army Corps of Engineers—Tulsa District, District Commander Christopher A. Hussin, adopts the Department of Energy's Final Environmental Impact Statement for the Plains & Eastern Clean Line Transmission Line Project (Final EIS #182396 [DOE/EIS/0486]) filed with the USEPA on 11/13/2015. As the USACE was a cooperating agency, recirculation of the document (EIS) is not necessary under 40 CFR 1506.3(c).

EIS No. 20170183, Final, EPA, Other, ADOPTION—Gulf of Mexico OCS Oil

and Gas 2017–2022 Final Multisale EIS, Review Period, Contact: Keith Hayden 214-665-2133. The U.S. Environmental Protection Agency (EPA) has adopted the Bureau of Ocean and Energy Management's (BOEM) Gulf of Mexico Outer Continental Shelf (OCS) Oil and Gas 2017–2022 Final Multisale Environmental Impact Statement (EIS), Council of Environmental Quality (CEQ) No. 20170030. BOEM filed its Final EIS with EPA on March 10, 2017, (82 FR 13338). EPA was a cooperating agency on the project and recirculation of the document is not necessary under Section 1506.3(c) of the CEQ National Environmental Policy Act (NEPA) Regulations.

Cross-Media Electronic Reporting: Authorized Program Revision Approval, State of Arizona

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's approval of the State of Arizona's request to revise its National Primary Drinking Water Regulations Implementation EPA-authorized program to allow electronic reporting.

DATES: EPA approves the authorized program revision for the State of Arizona's National Primary Drinking Water Regulations Implementation program as of October 23, 2017, if no timely request for a public hearing is received and accepted by the Agency.

FOR FURTHER INFORMATION CONTACT:

Karen Seeh, U.S. Environmental Protection Agency, Office of Environmental Information, Mail Stop 2823T, 1200 Pennsylvania Avenue NW., Washington, DC 20460, (202) 566-1175, seeh.karen@epa.gov.

SUPPLEMENTARY INFORMATION: On October 13, 2005, the final Cross-Media Electronic Reporting Rule (CROMERR) was published in the **Federal Register** (70 FR 59848) and codified as part 3 of title 40 of the CFR. CROMERR establishes electronic reporting as an acceptable regulatory alternative to paper reporting and establishes requirements to assure that electronic documents are as legally dependable as their paper counterparts. Subpart D of CROMERR requires that state, tribal or local government agencies that receive, or wish to begin receiving, electronic reports under their EPA-authorized programs must apply to EPA for a revision or modification of those programs and obtain EPA approval. Subpart D provides standards for such approvals based on consideration of the electronic document receiving systems that the state, tribe, or local government

will use to implement the electronic reporting. Additionally, § 3.1000(b) through (e) of 40 CFR part 3, subpart D provides special procedures for program revisions and modifications to allow electronic reporting, to be used at the option of the state, tribe or local government in place of procedures available under existing program-specific authorization regulations. An application submitted under the subpart D procedures must show that the state, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable subpart D requirements.

On July 26, 2017, the Arizona Department of Environmental Quality (ADEQ) submitted an application titled "Compliance Monitoring Data Portal" for revision to its EPA-approved drinking water program under title 40 CFR to allow new electronic reporting. EPA reviewed ADEQ's request to revise its EPA-authorized program and, based on this review, EPA determined that the application met the standards for approval of authorized program revision set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve Arizona's request to revise its Part 142—National Primary Drinking Water Regulations Implementation program to allow electronic reporting under 40 CFR part 141 is being published in the **Federal Register**.

ADEQ was notified of EPA's determination to approve its application with respect to the authorized program listed above.

Also, in today's notice, EPA is informing interested persons that they may request a public hearing on EPA's action to approve the State of Arizona's request to revise its authorized public water system program under 40 CFR part 142, in accordance with 40 CFR 3.1000(f). Requests for a hearing must be submitted to EPA within 30 days of publication of today's **Federal Register** notice. Such requests should include the following information:

- (1) The name, address and telephone number of the individual, organization or other entity requesting a hearing;
- (2) A brief statement of the requesting person's interest in EPA's determination, a brief explanation as to why EPA should hold a hearing, and any other information that the requesting person wants EPA to consider when determining whether to grant the request;
- (3) The signature of the individual making the request, or, if the request is

made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

In the event a hearing is requested and granted, EPA will provide notice of the hearing in the **Federal Register** not less than 15 days prior to the scheduled hearing date. Frivolous or insubstantial requests for hearing may be denied by EPA. Following such a public hearing, EPA will review the record of the hearing and issue an order either affirming today's determination or rescinding such determination. If no timely request for a hearing is received and granted, EPA's approval of the State of Arizona's request to revise its part 142—National Primary Drinking Water Regulations Implementation program to allow electronic reporting will become effective 30 days after today's notice is published, pursuant to CROMERR section 3.1000(f)(4).

Matthew Leopard,

Director, Office of Information Management.

Delegation of Authority to the Commonwealth of Virginia To Implement and Enforce Additional or Revised National Emission Standards for Hazardous Air Pollutants Standards

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of delegation of authority.

SUMMARY: On May 11, 2017, the Environmental Protection Agency (EPA) sent the Commonwealth of Virginia (Virginia) a letter acknowledging that Virginia's delegation of authority to implement and enforce the National Emissions Standards for Hazardous Air Pollutants (NESHAPs) and New Source Performance Standards (NSPS) had been updated, as provided for under previously approved delegation mechanisms. To inform regulated facilities and the public, EPA is making available a copy of EPA's letter to Virginia through this notice.

DATES: On May 11, 2017, EPA sent Virginia a letter acknowledging that Virginia's delegation of authority to implement and enforce federal NESHAPs had been updated.

ADDRESSES: Copies of documents pertaining to this action are available for public inspection during normal
