

Members are selected to represent various geographic regions, including each of the administrative regions of the NPS. At least 6 members must have outstanding expertise in one or more of the following fields: History, archeology, anthropology, historical or landscape architecture, biology, ecology, marine sciences, or social science. At least 4 members must have outstanding expertise in the management of national or state parks or protected areas, or natural or cultural resources management. The remaining members must have outstanding expertise in another professional or scientific discipline important to the mission of the NPS, such as financial management, recreation use management, land use planning, or business management. At least one of the members must be a locally elected official from an area adjacent to a park. Members are appointed by the Secretary for terms not to exceed 4 years. The Director designates one member to be Chair. All members serve at the discretion of the Secretary.

We currently are seeking to appoint 3 members to the Board and are requesting nominations in the fields of anthropology, archaeology, historical architecture, landscape architecture, biology, ecology, geology, history, and social science; and for a locally elected official adjacent to a park.

Nominations should be typed, and must include a resume providing an adequate description of the nominee's qualifications, including information that would enable the Department to make an informed decision regarding meeting the membership requirements of the Board and permit the Department to contact a potential member.

Members of the Board serve as special Government employees (SGEs), and are required to have ethics training annually and to file a Confidential Financial Disclosure Report. Members serve without compensation. However, while away from their homes or regular places of business in the performance of services for the Board as approved by the Designated Federal Officer, members are allowed travel expenses, including per diem in lieu of subsistence, in the same manner as persons employed intermittently in Government service are allowed such expenses under 5 U.S.C. 5703.

Individuals who are federally registered lobbyists are ineligible to serve on all FACA and non-FACA boards, committees, or councils in an individual capacity. The term "individual capacity" refers to individuals who are appointed to exercise their own individual best

judgment on behalf of the Government, such as when they are designated SGEs, rather than being appointed to represent a particular interest.

Public availability of comments.

Before including your address, phone number, email address, or other personal identifying information in your nomination/comment, you should be aware that your entire nomination/comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your nomination/comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of BSEE; (2) Will this information be processed and used in a timely manner; (3) Is the estimate of burden accurate; (4) How might BSEE enhance the quality, utility, and clarity of the information to be collected; and (5) How might BSEE minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The regulations under 30 CFR 250, Subpart J, pertain to pipelines and pipeline rights-of-way (ROWs), forms, and related Notices to Lessees (NTLs) and Operators.

We use the information to ensure that lessees and pipeline ROW holders design the pipelines that they install, maintain, and operate in a safe manner. BSEE needs information concerning the proposed pipeline and safety

equipment, inspections and tests, and natural and manmade hazards near the proposed pipeline route. BSEE uses the information to review pipeline designs prior to approving an application for a ROW or lease term pipeline to ensure that the pipeline, as constructed, will provide for safe transportation of minerals through the submerged lands of the OCS. BSEE reviews proposed pipeline routes to ensure that the pipelines would not conflict with any State requirements or unduly interfere with other OCS activities. BSEE reviews proposals for taking pipeline safety equipment out of service to ensure alternate measures are used that will properly provide for the safety of the pipeline and associated facilities (platform, etc.). BSEE reviews notifications of relinquishment of ROW grants and requests to decommission pipelines for regulatory compliance and to ensure that all legal obligations are met. BSEE monitors the records concerning pipeline inspections and tests to ensure safety of operations and protection of the environment and to schedule witnessing trips and inspections. Information is also necessary to determine the point at which the DOI or Department of Transportation (DOT) has regulatory responsibility for a pipeline and to be informed of the identified operator if not the same as the pipeline ROW holder.

We use the information in Form BSEE-0149, Assignment of Federal OCS Pipeline Right-of-Way Grant, to track pipeline ROW holders; as well as use this information to update the corporate database that is used to determine what leases are available for a Lease Sale and the ownership of all OCS leases.

We are adding a new Form BSEE-0135, Designation of Right-of-Way Operator, to identify who has the authority to act on the ROW grant holder's behalf to fulfill obligations under the OCS Lands Act; as well as, BSEE may provide to the designated ROW operator written or oral instructions in securing compliance with the ROW grant in accordance with applicable laws and regulations.

Title of Collection: 30 CFR part 250, subpart J, *Pipelines and Pipeline Rights-of-Way (ROW).*

OMB Control Number: 1014-0016.

Form Number: BSEE-0149—Assignment of Federal OCS Pipeline Right-of-Way Grant, and Form BSEE-0135—Designation of Right-of-Way Operator.

Type of Review: Revision of a currently approved collection.

Respondents/Affected Public: Potential respondents comprise Federal

OCS oil, gas, and sulfur lessees/operators and holders of pipeline rights-of-way.

Total Estimated Number of Annual Respondents: Not all of the potential respondents will submit information in any given year, and some may submit multiple times.

Total Estimated Number of Annual Responses: 3,031.

Estimated Completion Time per Response: Varies from 30 minutes to 107 hours, depending on activity.

Total Estimated Number of Annual Burden Hours: 36,546.

Respondent's Obligation: Most responses are mandatory, while others are required to obtain or retain benefits.

Frequency of Collection: On occasion and varies by section.

Total Estimated Annual Nonhour Burden Cost: This IC request includes seven non-hour cost burdens, all of which are the cost recovery fees required under 30 CFR 250, subpart J. The total of the non-hour cost burden (cost recovery fees) in this IC request is an estimated \$1,508,968.

The non-hour cost burdens required in 30 CFR 250, subpart J (and respective cost-recovery fee amount per transaction) are required under:

\$ 250.1000(b)—New Pipeline Application (lease term)—\$3,541

\$ 250.1000(b)—Pipeline Application Modification (lease term)—\$2,056

\$ 250.1000(b)—Pipeline Application Modification (ROW)—\$4,169

\$ 250.1008(e)—Pipeline Repair Notification—\$388

\$ 250.1015(a)—Pipeline ROW Grant Application—\$2,771

\$ 250.1015(a)—Pipeline Conversion from Lease Term to ROW—\$236

\$ 250.1018(b)—Pipeline ROW Assignment—\$201

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Dated: September 27, 2017.
