FEDERAL TRADE COMMISSION

Granting of Requests for Early Termination of the Waiting Period Under the Premerger Notification Rules

Section 7A of the Clayton Act, 15 U.S.C. 18a, as added by Title II of the Hart-Scott-Rodino Antitrust Improvements Act of 1976, requires persons contemplating certain mergers or acquisitions to give the Federal Trade Commission and the Assistant Attorney General advance notice and to wait designated periods before consummation of such plans. Section 7A(b)(2) of the Act permits the agencies, in individual cases, to terminate this waiting period prior to its expiration and requires that notice of this action be published in the **Federal Register**.

The following transactions were granted early termination—on the dates indicated—of the waiting period provided by law and the premerger notification rules. The listing for each transaction includes the transaction number and the parties to the transaction. The grants were made by the Federal Trade Commission and the Assistant Attorney General for the Antitrust Division of the Department of Justice. Neither agency intends to take any action with respect to these proposed acquisitions during the applicable waiting period.

SUPPLEMENTARY INFORMATION:**A. Purpose**

Presolicitation notices are used by the Government for several reasons, one of which is to aid prospective contractors in submitting proposals without undue expenditure of effort, time, and money. The Government also uses the presolicitation notices to control printing and mailing costs. The presolicitation notice response is used to determine the number of solicitation documents needed, and to assure that interested offerors receive the solicitation documents. The responses are placed in the contract file, and referred to, when solicitation documents are ready for mailing.

After mailing, the responses remain in the contract file and become a matter of record. The FAR sections affected are: 4.5; 14.205; 15.201(c) and 36.213-2. The responses are placed in the contract file and referred to when solicitation documents are ready for mailing. After mailing, the responses remain in the contract file and become a matter of record. FedBizOpps is an electronic method for publicizing contract opportunities. The number of presolicitation notices issued government-wide in the last 365 days (as of August 11, 2017) per FedBizOpps was 7,952.

We estimate that three respondents on average would reply to a presolicitation

notice. Based on this information, we feel that the estimated respondents would number 23,856. We also estimate that each respondent on average would reply to three presolicitation notices a year. Time required to read and prepare information is estimated at five minutes per completion.

The burden has increased from the one in *Federal Register* Notice 79 FR 49316, dated August 20, 2014, due to the additional number of presolicitation notices issued by the Federal Government in FedBizOpps. This had the effect of expanding the number of respondents who would be affected by the collection.

B. Annual Reporting Burden

Respondents: 16,699.

Responses per Respondent: 3.

Annual Responses: 50,097.

Hours per Response: .08.

Total Burden Hours: 4,008.

C. Public Comments

Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the FAR, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

Obtaining Copies of Proposals:

Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat Division (MVCB), 1800 F Street NW., Washington, DC 20405, telephone 202-501-4755.

Please cite OMB Control No. 9000-0037, Presolicitation Notice and Response, in all correspondence.

Dated: December 4, 2017.
