

programs; submit requests to update their federally-approved programs through amendments or program changes; and develop and submit state coastal nonpoint pollution control programs (CNP) as required under Section 6217 of the Coastal Zone Act Reauthorization Amendments.

Revisions:

1. The CZMA Section 306A guidance and project questionnaire have been updated to reduce confusion. The 306A Guidance and project questionnaire currently in use were developed in 1999 and need to be updated to ensure consistency with NOAA/NOS environmental compliance policies or grants requirements, and CZMA national strategic priorities, such as community resilience. The revised 306A guidance and questionnaire will provide clarification on the collection of project information and resolve confusion over grants management timelines. The current guidance and proposed revisions can be found at <https://coast.noaa.gov/czm/guidance/>. Based on recent experience, the time estimate for completing the questionnaire and collecting the necessary documentation is being increased from 5 hours to 15 hours per project.

2. An electronic system is being developed to improve the routine program change submission process and will replace the current paper-only submission process. The new site will provide the following functionalities: Make active program change documents electronically available to the public, states and federal agencies; Provide electronic notices to state agencies, federal agencies and the public of state program change submissions, OCM decision deadlines and OCM decisions; Automatically notify federal agencies, states and members of the public who request such notifications via email; Allow federal agencies and the public to submit comments to OCM on individual state program change submissions; Allow ability of OCM staff to upload text-searchable PDF documents that are part of program changes. These uploads need to be allowable on a daily basis, and need to be uploaded into a publicly available database. The database should have the ability to contain information for each program change (as in what is currently included in the Microsoft Access database) and to hold associated program change documents; Allow the ability to provide electronic notices to state agencies, federal agencies and the public by adding the notices to the online database and also automatically sending them to a particular list of contacts; and Provide an area on the website/database interface for interested

parties to request to be added to the automatic notification contact list. The system is currently being designed and will undergo beta testing later this year. Respondents will have the ability to make their submissions using the new system or by paper until the system is fully operational and accurate, which is expected to be within one year.

II. Method of Collection

Respondents have a choice of electronic or paper formats for submitting program documents, assessment and strategy documents, and other required materials. Grant applications are submitted electronically via Grants.gov and performance reports are submitted electronically through NOAA Grants Online. Performance measurement data is submitted through an online database. Methods of submittal for other program documents and required materials include electronic submittal via email, mail and facsimile transmission of paper forms, or submittal of electronic files on compact disc.

III. Data

OMB Control Number: 0648–0119.

Form Number: None.

Type of Review: Regular submission (revision and extension of a current information collection).

Affected Public: State, Local and Tribal Governments.

Estimated Number of Respondents: 34.

Estimated Time per Response: Performance reports, 27 hours; assessment and strategy documents, 240 hours; Section 306A questionnaire and documentation, 15 hours; amendments and routine program changes, 16 hours; CNP documentation, 320 hours; CZMA Performance Management System, 24 hours.

Estimated Total Annual Burden Hours: 6,280 hours.

Estimated Total Annual Cost to Public: \$850 in recordkeeping/reporting costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the

use of automated collection techniques or other forms of information technology; and (e) proposed changes or questions concerning the revised and updated CZMA Section 306A Guidance.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

New England Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meeting.

SUMMARY: The New England Fishery Management Council (Council) is scheduling a public meeting of its Joint Herring Advisory Panel and Committee on Wednesday, April 4, 2018 to consider actions affecting New England fisheries in the exclusive economic zone (EEZ). Recommendations from this group will be brought to the full Council for formal consideration and action, if appropriate.

DATES: This meeting will be held on Wednesday, April 4, 2018 at 9 a.m.

ADDRESSES: *Meeting address:* The meeting will be held at the Holiday Inn Logan Airport, 100 Boardman Street, Boston, MA 02128; telephone: (617) 567–6789.

Council address: New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

FOR FURTHER INFORMATION CONTACT: Thomas A. Nies, Executive Director, New England Fishery Management Council; telephone: (978) 465–0492.

SUPPLEMENTARY INFORMATION:

Agenda

The Herring Advisory Panel (AP) will meet with the Herring Committee (CTE) to review and provide recommendations on a draft white paper considering the addition of river herring and shad as stocks in the Atlantic herring fishery. The AP and CTE will review the final

report from the herring and mackerel fishery electronic monitoring project, as well as any associated correspondence. The group will consider whether electronic monitoring/portside sampling is an adequate substitute for at-sea monitoring coverage aboard mid-water trawl vessels, and make recommendations to the Council to consider as they relate to the Industry-Funded Monitoring Amendment. The group will also discuss how recent river herring/shad bycatch accountability measures triggered in the mackerel fishery could impact the 2018 herring fishing season. The Mid-Atlantic Fishery Management Council is potentially considering measures to address this issue in the 2019–21 specifications process. Other business may be discussed if necessary.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. This meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at (978) 465–0492, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the

Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Shipboard Observation Form for Floating Marine Debris.

OMB Control Number: 0648–0644.

Form Number(s): None.

Type of Request: Regular (extension of a currently approved information collection).

Number of Respondents: 5.

Average Hours per Response: 30 minutes.

Burden Hours: 3.

Needs and Uses: This request is for extension of a currently approved information collection.

This data collection project is coordinated by the NOAA Marine Debris Program, and involve recreational and commercial vessels (respondents), shipboard observers (respondents), NGOs (respondents) as well as numerous experts on marine debris observations at sea. The Shipboard Observation Form for Floating Marine Debris was created based on methods used in studies of floating marine debris by established researchers, previous shipboard observational studies conducted at sea by NOAA, and the experience and input of recreational sailors. The goal of this form is to be able to calculate the density of marine debris within an area of a known size. Additionally, this form will help collect data on potential marine debris resulting from future severe marine debris generating events in order to better model movement of the debris as well as prepare (as needed) for debris arrival. This form may additionally be used to collect data on floating marine debris in any water body.

Affected Public: Individuals or households; not for profit organizations.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395–5806.

Dated: March 19, 2018.

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Coral Reef Conservation Program Administration.

OMB Control Number: 0648–0448.

Form Number(s): None.

Type of Request: Regular (extension of a currently approved information collection).

Number of Respondents: 89.

Average Hours per Response: Match waiver request, 1.5 hours; proposal comments, 2 hours.

Burden Hours: 157.

Needs and Uses: This request is for extension of a currently approved information collection.

The Coral Reef Conservation Act of 2000 (Act) was enacted to provide a framework for conserving coral reefs. The Coral Reef Conservation Grant Program, under the Act, provides funds to broad-based applicants with experience in coral reef conservation to conduct activities to protect and conserve coral reef ecosystems. The information submitted by applicants is used to determine if a proposed project is consistent with the NOAA coral reef conservation priorities and the priorities of authorities with jurisdiction over the area where the project will be carried out. As part of the application, NOAA requires a Data and Information Sharing Plan in addition to the standard required application materials.

Affected Public: Not-for-profit institutions; state, local and tribal governments; federal government.

Frequency: Annually or biennially.

Respondent's Obligation: Required to obtain or retain benefits.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395–5806.
