SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for extension of a currently approved information collection.

NOAA's National Weather Service is extending its "StormReady, TsunamiReady, StormReady/StormReady Supporter Application Forms". StormReady and TsunamiReady are voluntary programs offered as a means of providing guidance and incentive to officials interested in improving their respective hazardous weather operations. The StormReady Application Form, Tsunami-Ready Application Form and StormReady/StormReady Application Form will be used by localities to apply for initial StormReady or TsunamiReady and StormReady recognition and renewal of that recognition every six years. The government will use the information collected to determine whether a community has met all of the criteria to receive StormReady and/or TsunamiReady recognition. Businesses, schools, non profit organizations and other non-governmental entities often establish severe weather safety plans and actively promote severe weather safety awareness activities. Many of these entities do not have the resources necessary to fulfill all the eligibility requirements to achieve the full StormReady, StormReady/TsunamiReady or StormReady/TsunamiReady recognition. Therefore, the NWS established the StormReady and TsunamiReady Supporter programs to recognize entities that promote the principles and guidelines of the full programs, but do not meet the eligibility requirements for full recognition.

II. Method of Collection

Applications may be faxed, mailed or emailed.
