Type of Review: A new information collection.

Total Estimated Number of Annual Responses: 550.

Total Estimated Number of Annual Burden Hours: 16,000.

Abstract: The Bipartisan Budget Act of 2018, signed into law by President Trump on February 9, 2018, included significant new funding to support disaster relief. The U.S. Department of Education (Department) will award up to \$2.7 billion to assist K–12 schools and school districts and institutions of higher education (IHEs) in meeting the educational needs of students affected by Hurricanes Harvey, Irma and Maria and the 2017 California wildfires. This disaster assistance will help schools, school districts and IHEs return to their full capabilities as quickly and effectively as possible. Pursuant to 5 CFR 1320.13, the Department requests that OMB review this collection under its emergency procedures, based on harm to public due to an unanticipated/unforeseen natural disaster event that occurred beyond ED's control. There are two higher education funding opportunities that require emergency clearance under the Paperwork Reduction Act: Emergency Assistance to Institutions of Higher Education: Congress appropriated \$100 million for this program; which will provide emergency assistance to IHEs and their students in areas directly affected by the covered disasters or emergencies. And the Defraying Costs of Enrolling Displaced Students in Higher Education: Congress appropriated \$75 million for this program, which will provide payments to IHEs to help defray

the unexpected expenses associated with enrolling displaced students from IHEs directly affected by a covered disaster or emergency, in accordance with criteria to be established and made publicly available.

Additional Information: An emergency clearance approval for the use of the system is described below due to the following conditions:
