

**FURTHER INFORMATION CONTACT** above.

We are interested in receiving comments regarding potential environmental and interrelated economic issues and impacts that APHIS may determine should be considered in our evaluation of the petition. We are particularly interested in receiving comments regarding biological, cultural, or ecological issues, and we encourage the submission of scientific data, studies, or research to support your comments.

After the comment period closes, APHIS will review all written comments received during the comment period and any other relevant information. Any substantive issues identified by APHIS based on our review of the petition and our evaluation and analysis of comments will be considered in the development of our decision-making documents. As part of our decision-making process regarding a GE organism's regulatory status, APHIS prepares a plant pest risk assessment to assess its plant pest risk and the appropriate environmental documentation—either an environmental assessment (EA) or an environmental impact statement (EIS)—in accordance with the National Environmental Policy Act (NEPA), to provide the Agency with a review and analysis of any potential environmental impacts associated with the petition request. For petitions for which APHIS prepares an EA, APHIS will follow our published process for soliciting public comment (see footnote 1) and publish a separate notice in the **Federal Register** announcing the availability of APHIS' EA and plant pest risk assessment.

Should APHIS determine that an EIS is necessary, APHIS will complete the NEPA EIS process in accordance with Council on Environmental Quality regulations (40 CFR part 1500–1508) and APHIS' NEPA implementing regulations (7 CFR part 372).

**Authority:** 7 U.S.C. 7701–7772 and 7781–7786; 31 U.S.C. 9701; 7 CFR 2.22, 2.80, and 371.3.

Done in Washington, DC, on March 26, 2018.

**DEPARTMENT OF AGRICULTURE****Animal and Plant Health Inspection Service**

[Docket No. APHIS–2018–0016]

**Notice of Request for Revision to and Extension of Approval of an Information Collection; Infectious Salmon Anemia; Payment of Indemnity**

**AGENCY:** Animal and Plant Health Inspection Service, USDA.

**ACTION:** Revision to and extension of approval of an information collection; comment request.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request a revision to and extension of approval of an information collection associated with the regulations for the payment of indemnity due to infectious salmon anemia.

**DATES:** We will consider all comments that we receive on or before May 29, 2018.

**ADDRESSES:** You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/#!docketDetail;D=APHIS-2018-0016>.
- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS–2018–0016, Regulatory Analysis and Development, PPD, APHIS, Station 3A–03.8, 4700 River, Road Unit 118, Riverdale, MD 20737–1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/#!docketDetail;D=APHIS-2018-0016> or in our reading room, which is located in Room 1141 of the USDA South Building, 14th Street and Independence Avenue SW, Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799–7039 before coming.

**FOR FURTHER INFORMATION CONTACT:** For information on the regulations for the payment of indemnity due to infectious salmon anemia, contact Mrs. Teresa Robinson, USDA–APHIS–VS, Maine ISA Program Aquaculture Liaison, 253 King Street, Edmunds Township, ME 04628; (207) 319–3703. For copies of more detailed information on the information collection, contact Ms. Kimberly Hardy, APHIS' Information Collection Coordinator, at (301) 851–2483.

**SUPPLEMENTARY INFORMATION:**

*Title:* Infectious Salmon Anemia; Payment of Indemnity.

*OMB Control Number:* 0579–0192.

*Type of Request:* Revision to and extension of approval of an information collection.

*Abstract:* Under the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture is authorized, among other things, to prevent the interstate spread of serious diseases and pests of livestock within the United States when feasible. In connection with this mission, APHIS established regulations in 9 CFR part 53 to pay indemnity to salmon producers in Maine whose fish are destroyed because of infectious salmon anemia (ISA). However, payment is subject to the availability of funding.

ISA is a foreign animal disease of Atlantic salmon that is caused by an orthomyxovirus. The disease affects wild and farmed Atlantic salmon. ISA poses a substantial threat to the economic viability and sustainability of salmon aquaculture in the United States.

To take part in this indemnity program, producers must enroll in the cooperative ISA control program administered by APHIS and the State of Maine. Program participants must also inform the ISA Program Veterinarian in writing of the name of their accredited veterinarian, develop biosecurity protocols and a site-specific ISA action plan, submit fish inventory and mortality information, complete an appraisal and indemnity claim form, complete a proceeds from animals sold for slaughter form, and assist APHIS or State officials with onsite disease surveillance, testing, and biosecurity audits. Program participants, who may include certain aquaculture industry business owners, managers, site employees, accredited veterinarians, and designated laboratories, must also assist APHIS with certain disease surveillance activities.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities, as described, for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

**Estimate of burden:** The public burden for this collection of information is estimated to average 2.8 hours per response.

**Respondents:** ISA program participants such as certain aquaculture industry business owners, managers, site employees, accredited veterinarians, and laboratory personnel; exporters; and foreign animal health authorities from exporting countries.

**Estimated annual number of respondents:** 13.

**Estimated annual number of responses per respondent:** 14.

**Estimated annual number of responses:** 190.

**Estimated total annual burden on respondents:** 547 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 26th day of March 2018.

## DEPARTMENT OF AGRICULTURE

### Food Safety and Inspection Service

[Docket No. FSIS-2018-0011]

#### Notice of Request To Renew an Approved Information Collection (Animal Disposition Reporting)

**AGENCY:** Food Safety and Inspection Service, USDA.

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995 and the Office of Management and Budget (OMB) regulations, the Food Safety and Inspection Service (FSIS) is announcing

its intention to renew the approved information collection for Animal Disposition Reporting entered into the Public Health Information System. There are no changes to the existing information collection. The approval for this information collection will expire on August 31, 2018.

**DATES:** Submit comments on or before May 29, 2018.

**ADDRESSES:** FSIS invites interested persons to submit comments on this information collection. Comments may be submitted by one of the following methods:

- **Federal eRulemaking Portal:** This website provides the ability to type short comments directly into the comment field on this web page or attach a file for lengthier comments. Go to <http://www.regulations.gov>. Follow the on-line instructions at that site for submitting comments.

- **Mail, including CD-ROMs, etc.:** Send to Docket Clerk, U.S. Department of Agriculture, Food Safety and Inspection Service, Docket Clerk, Patriots Plaza 3, 1400 Independence Avenue SW, Mailstop 3782, Room 8-163A, Washington, DC 20250-3700.

- **Hand- or courier-delivered submittals:** Deliver to Patriots Plaza 3, 355 E Street SW, Room 8-163A, Washington, DC 20250-3700.

**Instructions:** All items submitted by mail or electronic mail must include the Agency name and docket number FSIS-2018-0011. Comments received in response to this docket will be made available for public inspection and posted without change, including any personal information, to <http://www.regulations.gov>.

**Docket:** For access to background documents or comments received, go to the FSIS Docket Room at Patriots Plaza 3, 355 E Street SW, Room 8-164, Washington, DC 20250-3700 between 8:00 a.m. and 4:30 p.m., Monday through Friday.

**FOR FURTHER INFORMATION CONTACT:** Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Room 6065, South Building, Washington, DC 20250-3700; (202) 720-5627.

#### SUPPLEMENTARY INFORMATION:

**Title:** Animal Disposition Reporting.

**OMB Number:** 0583-0139.

**Expiration Date of Approval:** 08/31/2018.

**Type of Request:** Renewal of an approved information collection.

**Abstract:** FSIS has been delegated the authority to exercise the functions of the Secretary of Agriculture (7 CFR 2.18, 2.55) as specified in the Federal Meat

Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*) and the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*). FSIS protects the public by verifying that meat and poultry products are wholesome, not adulterated, and properly marked, labeled, and packaged. FSIS also inspects exotic animals and rabbits under the authority of the Agricultural Marketing Act of 1946, as amended (7 U.S.C. 1621, *et seq.*).

FSIS is requesting renewal of an approved information collection that addresses paperwork requirements for the Animal Disposition Reporting entered into the Public Health Information System. There are no changes to the existing information collection. The approval for this information collection will expire on August 31, 2018.

In accordance with 9 CFR 320.6, 381.180, 352.15, and 354.91, establishments that slaughter meat, poultry, exotic animals, and rabbits are required to maintain certain records regarding their business operations and to report this information to the Agency as required. Poultry slaughter establishments complete FSIS Form 6510-7 after each shift and submit it to the Agency. Other slaughter establishments provide their business records to FSIS to report the necessary information.

FSIS uses this information to plan inspection activities, to develop sampling plans, to target establishments for testing, to develop the Agency budget, and to develop reports to Congress. FSIS also provides this data to other USDA agencies, including the National Agricultural Statistics Service (NASS), the Animal and Plant Health Inspection Service (APHIS), the Agricultural Marketing Service (AMS), and the Grain Inspection, Packers and Stockyards Administration (GIPSA), for their publications and for other functions.

FSIS has made the following estimates on the basis of an information collection assessment:

**Estimate of Burden:** FSIS estimates that it will take poultry slaughter establishments an average of two minutes per response to collect and submit this information to FSIS.

**Respondents:** Slaughter establishments.

**Estimated Number of Respondents:** 1,159.

**Estimated Number of Annual Responses per Respondent:** 600.

**Estimated Total Annual Burden on Respondents:** 23,180 hours.

Copies of this information collection assessment can be obtained from Gina Kouba, Office of Policy and Program
