SUPPLEMENTARY INFORMATION: Proposal to renew the following currently approved collection of information:

Title: Notification of Change of Insured Status.

OMB Number: 3064–0124.

Form Number: None.

Affected Public: Insured depository institutions.

Burden Estimate:

SUMMARY OF ANNUAL BURDEN

	Type of burden	Obligation to respond	Estimated number of respondents	Estimated time per response (hours)	Frequency of response	Average total annual estimated burden (hours)
Certification	Reporting	Mandatory	150	.25	On Occasion	37.5
Notification	Disclosure	Mandatory	2	1	On Occasion	3
Total Estimated Annual Burden						39.5

General Description of Collection:
This information collection consists of two parts: (1) A certification that insured depository institutions provide the FDIC when all deposit liabilities from one insured depository institution are assumed from another insured depository institution, with the latter institution responsible for providing the certification; and (2) a notification that an insured depository institution provides to its depositors when it seeks to voluntarily terminate its insured status. The certification is necessary to implement the provisions of section 8(q) of the Federal Deposit Insurance Act, 12 U.S.C. 1818(q), regarding termination of the insured status of the transferring institution and termination of the separate deposit insurance coverage provided on deposit accounts assumed by the assuming institution. The depositor notification is required by section 8(a)(6) of the Federal Deposit Insurance Act, 12 U.S.C. 1818(a)(6). This provision ensures that the institution's depositors receive appropriate information regarding the institution's intent to terminate its insured status and that, prior to the termination of the institution's insured status, depositors receive appropriate information concerning federal deposit insurance coverage of their accounts once the institution's insured status is terminated.

There is no change in the methodology or substance of this information collection. The number of certifications submitted under this information collection is closely related to the number of insured depository institutions that are acquired by another depository institution through mergers

or as a result of the closing of the institution by its chartering authority. The number of depositor notifications is driven by the number of institutions that elect to voluntarily terminate its insured status without having its deposits assumed by another insured depository institution. The change in burden is due to economic fluctuation reflected in a lower number of certifications following mergers or closures and a reduction in the number of notifications due to voluntary terminations of insured status.

Request for Comment: Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

General Description of Collection: The FDIC, the Office of the Comptroller of the Currency (OCC), The Board of Governors of the Federal Reserve System (FRB) and the Federal Home Finance Agency (FHFA) (collectively, the Agencies) issued regulations to implement the requirements of section 1473 of the Dodd-Frank Wall Street Reform and Consumer Protection Act to be applied by States in the registration and supervision of appraisal management companies (AMCs). The regulations also implement the requirement in section 1473 of the Dodd-Frank Act for States to report to the Appraisal Subcommittee (ASC) of the Federal Financial Institutions Examination Council (FFIEC) the information required by the Appraisal Subcommittee (ASC) to administer the new national registry of appraisal management companies (AMC National Registry or Registry). The FDIC's regulation is found at 12 CFR part 323 (the Regulation) and contains the following PRA recordkeeping and reporting requirements:

AMC Recordkeeping Requirements (IC #1). Section 323.10 of the Regulation provides that an appraiser in an AMC's network or panel is deemed to remain on the network or panel until: (i) The AMC sends a written notice to the appraiser removing the appraiser with an explanation; or (ii) receives a written

notice from the appraiser asking to be removed or a notice of the death or incapacity of the appraiser. The AMC would retain these notices in its files.

State Recordkeeping Requirements (IC #2). States seeking to register AMCs must have an AMC registration and supervision program. Section 323.11(a) of the Regulation requires each participating State to establish and maintain within its appraiser certifying and licensing agency a registration and supervision program with the legal authority and mechanisms to: (i) Review and approve or deny an application for initial registration; (ii) periodically review and renew, or deny renewal of, an AMC's registration; (iii) examine an AMC's books and records and require the submission of reports, information, and documents; (iv) verify an AMC's panel members' certifications or licenses; (v) investigate and assess potential violations of laws, regulations, or orders; (vi) discipline, suspend, terminate, or deny registration renewals of, AMCs that violate laws, regulations, or orders; and (vii) report violations of appraisal-related laws, regulations, or orders, and disciplinary and enforcement actions to the ASC.

Section 323.11(b) requires each participating State to impose requirements on AMCs not regulated by a Federal financial institutions regulatory agency nor owned and

controlled by an insured depository institution to: (i) Register with and be subject to supervision by a State appraiser certifying and licensing agency in each State in which the AMC operates; (ii) use only State-certified or State-licensed appraisers for Federally-regulated transactions in conformity with any Federally-regulated transaction regulations; (iii) establish and comply with processes and controls reasonably designed to ensure that the AMC, in engaging an appraiser, selects an appraiser who is independent of the transaction and who has the requisite education, expertise, and experience necessary to competently complete the appraisal assignment for the particular market and property type; (iv) direct the appraiser to perform the assignment in accordance with the Uniform Standards of Professional Appraisal Practice; and (v) establish and comply with processes and controls reasonably designed to ensure that the AMC conducts its appraisal management services in accordance with section 129E(a)–(i) of the Truth-in-Lending Act.

AMC Reporting Requirements (IC #3). Section 323.13(c) requires that a Federally-regulated AMC report to the State or States in which it operates the information required to be submitted by the State pursuant to the ASC's policies, including: (i) Information regarding the determination of the AMC National

Registry fee; and (ii) the information listed in section 323.12 of the Regulation. Section 323.12 provides that an AMC may not be registered by a State or included on the AMC National Registry if such company is owned, directly or indirectly, by any person who has had an appraiser license or certificate refused, denied, cancelled, surrendered in lieu of revocation, or revoked in any State. Each person that owns more than 10 percent of an AMC is required to submit to a background investigation carried out by the State appraiser certifying and licensing agency. While section 323.12 does not authorize States to conduct background investigations of Federally-regulated AMCs, it would allow a State to do so if the Federally-regulated AMC chooses to register voluntarily with the State.

State Reporting Requirements (IC #4). Section 323.14 requires that each State electing to register AMCs for purposes of permitting AMCs to provide appraisal management services relating to covered transactions in the State must submit to the ASC the information concerning such AMCs required to be submitted under the Regulation and any additional information required by the ASC.

Burden Estimate Methodology and Assumptions:

There is no change in the methodology or substance of this information collection. For the information collections described above, the general methodology is to compute the industry wide burden hours for States and appraisal management companies (AMCs) and then assign a share of the burden hours to each of the regulatory agencies for each information collection. The Agencies are revising their burden estimates based on the following assumptions:

IC #1: AMC Written Notice of Appraiser Removal from Network or Panel. The burden for written notices of appraiser removal from a network or panel is estimated to be equal to the number of appraisers who leave the profession per year multiplied by the estimated percentage of appraisers who work for AMCs, then multiplied by burden hours per notice. The number of appraisers who leave is calculated by adding the number of appraisers who are laid off or resign to the number of appraisers that have had their licenses revoked or surrendered. The total burden hours are then split between the Federal Reserve Board (FRB), the Office of the Comptroller of the Currency (OCC), the Federal Deposit Insurance Corporation (FDIC), and the Federal Housing Finance Agency (FHFA) in a ratio of 3:3:3:1 in accordance with the burden sharing agreement among the

Agencies. Finally, the burden hours are calculated by multiplying the estimated number of written notices of appraiser removal (9,881) by the estimated burden per notice (0.08 hours) for a total of 790 burden hours.¹ As previously mentioned, the total burden hours are then split between the FDIC, FRB, OCC, and the FHFA such that the FHFA is responsible for 79 hours and the other three agencies are responsible for 237 hours each.

IC #2: Develop and Maintain a State Licensing Program. The burden on the States for developing and maintaining an AMC licensing program is calculated by multiplying the number of states without a registration and licensing program by the hour burden to develop the system. The total burden hours are then equally divided among the FDIC, FRB, OCC, and FHFA. According to the Appraisal Institute as of July 26, 2017, there are 5 states that have not developed a system to register and oversee AMCs.² The 2015 ICR estimate of the hour burden per state without a registration system was 40 hours. The FDIC does not believe this estimate needs to be updated for this renewal. Therefore, the total hour burden is 200 hours: 5 States \times 40 hours/state = 200 hours. Finally, the total hour burden is divided among the four agencies such that each agency is responsible for 50 burden hours.³

IC #3: AMC Reporting Requirements (State and Federal AMCs). The burden for AMC reporting requirements is calculated by multiplying the number of AMCs by the frequency of response then by the burden per response. The burden hours are then divided between the FDIC, FRB, OCC, and FHFA at a ratio of 3:3:3:1.⁴ FDIC estimates there are approximately 400 entities that provide appraisal management services as defined by section 323.9(d). Of these 400 entities, FDIC estimates approximately 200 entities meet the definition of an AMC as defined by section 323.9(c).⁵

¹ The “per notice” burden estimate of 0.08 hours is unchanged from the estimate provided for the currently-approved ICR. The subject matter experts at the FDIC do not believe this estimate needs to be updated for this renewal.

² Appraisal Institute “Enacted State AMC Laws”. <https://www.appraisalinstitute.org/advocacy/enacted-state-amc-laws1/>.

³ The assumption to divide the burden hours between the agencies is based on a burden-sharing agreement among the FDIC, FRB, OCC, and FHFA. The burden hours are shared in the same ratio as the 2015 ICR.

⁴ Id.

⁵ The FDIC anticipates more definitive information will become available when AMC registration requirements become effective on August 10, 2018.

The frequency of response is estimated as the number of states that do not have an AMC registration program in which the average AMC operates.⁶ According to the Appraisal Institute, Five (5) states do not have AMC registration or oversight programs.⁷ According to the Consumer Financial Protection Bureau (CFPB), the average AMC operates in 19.56 states.⁸ Therefore, the average AMC operates in approximately 2 states that do not have AMC registration systems: (5 States/55 states) \times 19.56 states = 1.778 states \sim 2 states. Therefore the total hour burden for IC #3 is 400 hours: 200 AMCs \times 2 states (frequency) \times 1 hour = 400 hours. The burden hours are then divided such that the FDIC, FRB, and OCC are each responsible for 120 burden hours and the FHFA is responsible for 40 burden hours.⁹

IC #4: State Reporting Requirements to the Appraisal Subcommittee. The burden hours for State reporting to the ASC are estimated by multiplying the number of states by the hour burden per state.¹⁰ Then the burden hours are divided equally among the FDIC, FRB, OCC, and the FHFA. The total burden hour for state reporting is 50 hours: 55 states \times 1 hour/state = 55 hours. This is then equally divided across the 4 agencies for 14 burden hours each, with rounding.¹¹

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Centers for Medicare & Medicaid Services.

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (the PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information (including each proposed extension or reinstatement of an existing collection of information) and to allow 60 days for public comment on the proposed action. Interested persons are invited to send comments regarding our burden estimates or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency's functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments must be received by July 2, 2018.

ADDRESSES: When commenting, please reference the document identifier or OMB control number. To be assured

consideration, comments and recommendations must be submitted in any one of the following ways:

1. *Electronically.* You may send your comments electronically to <http://www.regulations.gov>. Follow the instructions for “Comment or Submission” or “More Search Options” to find the information collection document(s) that are accepting comments.

2. *By regular mail.* You may mail written comments to the following address: CMS, Office of Strategic Operations and Regulatory Affairs, Division of Regulations Development, Attention: Document Identifier/OMB Control Number _____, Room C4–26–05, 7500 Security Boulevard, Baltimore, Maryland 21244–1850.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, you may make your request using one of following:

1. Access CMS' website address at <https://www.cms.gov/Regulations-and-Guidance/Legislation/PaperworkReductionActof1995/PRA-Listing.html>.

2. Email your request, including your address, phone number, OMB number, and CMS document identifier, to Paperwork@cms.hhs.gov.

Under the PRA (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before
