Fifth Street NW, Suite 8700, Washington, DC 20530 and State of Tennessee, Attorney General's Office, 500 Charlotte Avenue, Nashville, Tennessee 37202 Plaintiffs, v. Vulcan Materials Company, 1200 Urban Center Drive, Birmingham, Alabama 35242, SPO Partners II, L.P., 591 Redwood Highway, Suite 3215, Mill Valley, California 94941, and Aggregates USA, LLC, 3300 Cahaba Road, Suite 320, Birmingham, Alabama 35223 Defendants.

Civil Action No: 1:17–cv–02761
Judge: Amit Mehta

COMPLAINT

Plaintiffs, the United States of America (“United States”), acting under the direction of the Attorney General of the United States, and the State of Tennessee, acting by and through the Attorney General of Tennessee, bring this civil antitrust action against Defendants to enjoin Vulcan Materials Company's (“Vulcan”) proposed acquisition of Aggregates USA, LLC (“Aggregates USA”) from SPO Partners II, L.P. (“SPO Partners”). Plaintiffs complain and allege as follows:

I. INTRODUCTION

1. Vulcan's proposed acquisition of Aggregate USA's quarries would secure Vulcan's control over the supply of coarse aggregate necessary to complete various construction projects in parts of east Tennessee and southwest Virginia. Coarse aggregate is one of the primary materials used to build, pave, and repair roads and is used widely in other types of construction. Coarse aggregate is an essential input in asphalt concrete, which is used to pave roads, and ready mix concrete, which is used to create bridges and is a structural element of many buildings. Coarse aggregate is also needed for other phases of construction, such as the base layer of rock that provides a foundation for paved roads and large buildings. Vulcan currently supplies coarse aggregate in east Tennessee and southwest Virginia and already holds a significant market share in each region.

2. Vulcan and Aggregates USA are the primary suppliers of coarse aggregate for projects in parts of east Tennessee and southwest Virginia, together supplying nearly all of the coarse aggregate purchased directly by the Tennessee and Virginia Departments of Transportation (“DOT”) or purchased by contractors for use in Tennessee and Virginia DOT projects. Vulcan and Aggregates USA are also the two leading suppliers of coarse aggregate used in private construction projects in parts of east Tennessee and southwest Virginia. The proposed acquisition would eliminate the head-to-head competition between Vulcan and Aggregates USA.
