SUPPLEMENTARY INFORMATION:

I. Background

The BLS has been charged by Congress (29 U.S.C. Sections 1 and 2) with the responsibility of collecting and publishing monthly information on employment, the average wage received, and the hours worked by area and industry. The process for developing residency-based employment and unemployment estimates is a cooperative Federal-State program which uses employment and unemployment inputs available in State Workforce Agencies.

The labor force estimates developed and issued in this program are used for economic analysis and as a tool in the implementation of Federal economic policy in such areas as employment and economic development under the

Workforce Innovation and Opportunity Act of 2014 (that supplanted the Workforce Investment Act of 1998) and the Public Works and Economic Development Act, among others.

The estimates also are used in economic analysis by public agencies and private industry, and for State and area funding allocations and eligibility determinations according to legal and administrative requirements. Implementation of current policy and legislative authorities could not be accomplished without collection of the data.

The reports and manual covered by this request are integral parts of the LAUS program insofar as they ensure and measure the timeliness, quality, consistency, and adherence to program directions of the LAUS estimates and related research.

II. Current Action

Office of Management and Budget clearance is being sought for a revision of the information collection request that makes up the LAUS program. All aspects of the information collection are conducted electronically. All data are entered directly into BLS-provided systems.

The BLS, as part of its responsibility to develop concepts and methods by which States prepare estimates under the LAUS program, developed a manual for use by the States. The manual explains the conceptual framework for the State and area estimates of employment and unemployment,

specifies the procedures to be used, provides input information, and discusses the theoretical and empirical basis for each procedure. This manual is updated on a regular schedule.

III. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information continues to have practical utility.
 - Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
 - Enhance the quality, utility, and clarity of the information to be collected.
 - Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
- Type of Review:* Revision of a currently approved collection.
Agency: Bureau of Labor Statistics.
Title: Local Area Unemployment Statistics (LAUS) Program.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

[NARA-2018-015]

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when agencies no longer need them for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives of the United States and to destroy, after a specified period, records lacking administrative, legal, research, or other value. NARA publishes notice in the **Federal Register** for records schedules in which agencies propose to destroy records they no longer need to conduct agency business. NARA invites public comments on such records schedules.

DATES: NARA must receive requests for copies in writing by February 15, 2018. Once NARA finishes appraising the records, we will send you a copy of the schedule you requested. We usually
