[Document Number AMS–SC–18–0023C]

Mango Promotion, Research and Information Order; Referendum on Inclusion of Frozen Mangos

AGENCY: Agricultural Marketing Service, Department of Agriculture (USDA).

ACTION: Notification of referendum order; modification.

SUMMARY: The Agricultural Marketing Service (AMS) is modifying a notification of referendum order published in the February 21, 2019 issue of the **Federal Register**. This document amends the dates of the voting period for the referendum. This document directs that a referendum be conducted among eligible first handlers and importers of mangos to determine whether they favor the inclusion of frozen mangos as a covered commodity under the Mango Promotion, Research and Information Order (Order).

DATES: The voting period for the referendum published on February 21, 2019 (84 FR 5379) is modified, and will now be conducted from May 13, 2019 through June 3, 2019. The U.S. Department of Agriculture (Department) will provide the option for electronic ballots. Further details will be provided in the ballot instructions. First handlers who received 500,000 or more pounds of fresh mangos from producers and importers who imported 500,000 or more pounds of fresh mangos or 200,000 or more pounds of frozen mangos into the United States, during the representative period from January 1 through December 31, 2017, are eligible to vote. Mail ballots must be postmarked by June 3, 2019. Ballots delivered via express mail or email must show proof of delivery by no later than 11:59 p.m. Eastern Time (ET) on June 3, 2019.

ADDRESSES: Copies of the Order may be obtained from: Referendum Agent,

Promotion and Economics Division (PED), Specialty Crops Program (SCP), AMS, USDA, Stop 0244, Room 1406–S, 1400 Independence Avenue SW, Washington, DC 20250–0244; telephone: (202) 720–9915, (202) 720–5976 (direct line); facsimile: (202) 205–2800.

FOR FURTHER INFORMATION CONTACT:

Jeanette Palmer, Marketing Specialist, PED, SCP, AMS, USDA, Stop 0244, Room 1406–S, 1400 Independence Avenue SW, Washington, DC 20250–0244; telephone: (202) 720–9915, (202) 720–5976 (direct line); facsimile: (202) 205–2800; or electronic mail: Jeanette.Palmer@ams.usda.gov.

SUPPLEMENTARY INFORMATION: Pursuant to the Commodity Promotion, Research and Information Act of 1996 (7 U.S.C. 7411–7425) (1996 Act), it is hereby directed that a referendum be conducted to ascertain whether the inclusion of frozen mangos in the Order is favored by eligible first handlers of fresh mangos and importers of fresh and frozen mangos covered under the program. Recently, the Order was modified to add frozen mangos as a covered commodity, and importers of frozen mangos will be assessed one cent (\$0.01) per pound on frozen mangos. In addition, the National Mango Board membership has been expanded from 18 to 21 with the addition of two seats for importers of frozen mangos and one seat for a foreign processor. As these changes to the Order involve new covered entities, the Department determines that it is appropriate to conduct a referendum on the provisions regarding frozen mangos to ensure that those covered under the program agree with continuation of the Order as modified.

The representative period for establishing voter eligibility for the referendum shall be the period from January 1 through December 31, 2017. First handlers who received 500,000 or more pounds of fresh mangos from producers and importers who imported 500,000 or more pounds of fresh mangos or 200,000 or more pounds of frozen mangos into the United States during the representative period are eligible to vote. Persons who received an exemption from assessments for the entire representative period are ineligible to vote. The referendum shall be conducted by mail ballot from May 13, through June 3, 2019. The Department will provide the option for

electronic ballots. Further details will be provided in the ballot instructions.

Section 518(d) of the Act authorizes referenda at any time to determine whether the continuation, suspension, or termination of the order or a provision of the order is favored by persons eligible to vote. The Department would retain the provisions of the Order that added frozen mangos to the program and increased the size of the Board if approved by a majority of the first handlers and importers voting in the referendum. If not approved, the Department will conduct rulemaking to remove the provisions from the Order.

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the referendum ballot has been approved by the Office of Management and Budget (OMB) and assigned OMB No. 0581–0093. 2017 assessment data from the Board reflects approximately five first handlers and 275 importers of fresh mangos, of which approximately 100 imported over 500,000 pounds or more into the United States. 2017 Customs data indicated there were an estimated 190 importers of frozen mangos, of which approximately 60 imported over 200,000 pounds or more into the United States.¹ It will take an average of 15 minutes for each voter to read the voting instructions and complete the referendum ballot.

Referendum Order

Jeanette Palmer, Marketing Specialist and Heather Pichelman, Director, Promotion and Economics Division, SCP, AMS, USDA, Stop 0244, Room 1406–S, 1400 Independence Avenue SW, Washington, DC 20250–0244, are designated as the referendum agents to conduct this referendum. The referendum procedures at 7 CFR 1206.100 through 1206.108, which were issued pursuant to the Act, shall be used to conduct the referendum.

The referendum agents will distribute the ballots to be cast in the referendum and voting instructions to all known first handlers who received 500,000 or more pounds of fresh mangos from producers and importers who imported 500,000 or more pounds of fresh mangos or 200,000 or more of frozen mangos into the United States during the representative period. Persons who received an exemption from

Energy Conservation Program: Energy Conservation Standards for Small Electric Motors

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Request for information.

SUMMARY: The U.S. Department of Energy (“DOE”) is initiating an effort to determine whether to amend the current energy conservation standards for small electric motors. Under the Energy Policy and Conservation Act of 1975, as amended (“EPCA”), DOE must review these standards at least once every six years and publish either a notice of proposed rulemaking (“NOPR”) to propose new standards for small electric motors or a notice of determination that the existing standards do not need to be amended. This request for information (“RFI”) solicits information from the public to help DOE determine whether amending the standards for small electric motors would result in significant energy savings and whether such standards would be technologically feasible and economically justified. DOE welcomes

written comments from the public on any subject within the scope of this document (including topics not raised in this RFI).

DATES: Written comments and information are requested and will be accepted on or before May 24, 2019.
