Certain Frozen Warmwater Shrimp From the Socialist Republic of Vietnam: Preliminary Results of Antidumping Duty Administrative Review; 2017–2018

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that sales of certain frozen warmwater shrimp (shrimp) from the Socialist Republic of Vietnam (Vietnam) by Fimex VN and Nha Trang Seaproduct Company were not made at prices below normal value (NV). Interested parties are invited to comment on these preliminary results.

DATES: Applicable April 22, 2019.

FOR FURTHER INFORMATION CONTACT: Irene Gorelik or Josh Simonidis, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-6905 or (202) 482-0608, respectively.

SUPPLEMENTARY INFORMATION:**Background**

In response to requests from interested parties, Commerce is conducting an administrative review of the antidumping duty order on certain frozen warmwater shrimp from the Socialist Republic of Vietnam (Vietnam) which it initiated on April 16, 2018.¹ The period of review (POR) is February 1, 2017, through January 31, 2018. On August 9, 2018, we rescinded the review with respect to Soc Trang Seafood Joint Stock Company and Seavina Joint Stock Company.² Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018, through the resumption of operations on January 29, 2019.³ Accordingly, the

revised deadline for these preliminary results is now April 9, 2019.

Scope of the Order

The merchandise subject to the *Order* is certain frozen warmwater shrimp. The product is currently classified under the following Harmonized Tariff Schedule of the United States (HTSUS) item numbers: 0306.17.00.03, 0306.17.00.06, 0306.17.00.09, 0306.17.00.12, 0306.17.00.15, 0306.17.00.18, 0306.17.00.21, 0306.17.00.24, 0306.17.00.27, 0306.17.00.40, 1605.21.10.30, and 1605.29.10.10. Although the HTSUS numbers are provided for convenience and for customs purposes, the written product description, available in the Preliminary Decision Memorandum, remains dispositive.⁴

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). Export prices and constructed export prices were calculated in accordance with section 772 of the Act. Because Vietnam is a non-market economy within the meaning of section 771(18) of the Act, NV was calculated in accordance with section 773(c) of the Act.

For a full description of the methodology underlying our conclusions, *see* Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file electronically via the Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the internet at <http://enforcement.trade.gov/frn/>. The

Preliminary Determination of No Shipments

Based on our analysis of information from Customs and Border Protection (CBP) and information provided by 18 companies, we preliminarily determine that these 18 companies⁵ subject to this review did not have any reviewable transactions during the POR. Commerce finds, consistent with its assessment practice in non-market economy cases, that it is appropriate not to rescind the review in part in these circumstances, but to complete the review with respect to these 18 companies and issue appropriate instructions to CBP based on the final results of the review.⁶ For additional information regarding this determination, *see* the Preliminary Decision Memorandum.

Commerce finds that 67 companies (*see* Appendix II) for which a review was requested have not established eligibility for a separate rate and are considered to be part of the Vietnam-wide entity for these preliminary results.⁷ Because no party requested a

Disclosure and Public Comment

Commerce will disclose the calculations used in our analysis to parties in this review within five days of the date of publication of this notice. Interested parties are invited to comment on the preliminary results of

this review. Pursuant to 19 CFR 351.309(c)(1)(ii), interested parties may submit case briefs no later than 30 days after the publication of these preliminary results, and rebuttal comments within five days after the time limit for filing case briefs, unless these deadlines are extended at a later

date. Parties who submit case briefs or rebuttal briefs are requested to submit with the argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.¹¹ Rebuttal briefs must be limited to issues raised in the case briefs.¹²

⁸ See *Antidumping Proceedings: Announcement of Change in Department Practice for Respondent Selection in Antidumping Duty Proceedings and Conditional Review of the Nonmarket Economy Entity in NME Antidumping Duty Proceedings*, 78 FR 65963 (November 4, 2013). Commerce's policy regarding conditional review of the Vietnam-wide entity applies to this administrative review. Under this policy, the Vietnam-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity.

⁹ Due to the issues we have had in past segments of the proceeding with variations of exporter names related to this *Order*, we remind exporters that the names listed in the rate box are the exact names, including spelling and punctuation, which Commerce will provide to CBP and which CBP will use to assess POR entries and collect cash deposits. Any names with punctuation variations, such as all capitalizations, dashes, periods, or commas, or abbreviations of the word Company to "Co." and

Limited to "Ltd." can be confirmed by Commerce in the event CBP inquires about such variations. Commerce reminds interested parties that claimed affiliates are not automatically added to an exporter's rate box unless Commerce has made a collapsing determination for that exporter in the instant, or in prior, segments of the proceeding. Furthermore, inclusion of alternate trade names in an exporter's rate box must be supported by evidence on the record that the alternate trade name: 1) Appears on the exporter's business license (as an exporter), and 2) appears on commercial documents for CBP's examination upon entry. See, e.g., *Certain Frozen Warmwater Shrimp from the Socialist Republic of Vietnam: Final Results of Antidumping Duty Administrative Review, 2016–2017*, 83 FR 46704 (September 14, 2018), and accompanying Issues and Decision Memorandum at Comment 3.

¹⁰ Commerce previously determined Nha Trang Seaproduct Company to be part of a single entity

along with NT Seafoods Corporation, Nha Trang Seafoods—F89 Joint Stock Company, and NTSF Seafoods Joint Stock Company. See *Certain Frozen Warmwater Shrimp From the Socialist Republic of Vietnam: Preliminary Results, Partial Rescission, and Request for Revocation, In Part, of the Fifth Administrative Review*, 76 FR 12054, 12056 (March 4, 2011), unchanged in *Certain Frozen Warmwater Shrimp From the Socialist Republic of Vietnam: Final Results and Final Partial Rescission of Antidumping Duty Administrative Review*, 76 FR 56158 (September 12, 2011). As the single entity has not reported changes since the preceding administrative review regarding the corporate or legal structure of the companies within the single entity, we continue to find that these companies are affiliated and comprise a single entity to which we will assign a single rate.

¹¹ See 19 CFR 351.309(c) and (d).

¹² See 19 CFR 351.309(d)(2).

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance within 30 days of the date of publication of this notice. Requests should contain: (1) The party's name, address and telephone number; (2) the number of participants; and (3) a list of issues parties intend to discuss. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs. If a request for a hearing is made, Commerce intends to hold the hearing at the U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, at a date and time to be determined.¹³ Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Commerce intends to issue the final results of this administrative review, including the results of our analysis of issues raised in the written comments, within 120 days of publication of these preliminary results in the **Federal Register**, unless this deadline is extended.

Assessment Rates

Upon issuance of the final results, Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.¹⁴ Commerce intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review. For any individually examined respondent whose weighted-average dumping margin is above *de minimis* (i.e., is 0.50 percent or more) in the final results of this review, Commerce will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales and the total entered value of those sales, in accordance with 19 CFR 351.212(b)(1).¹⁵ We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is above *de minimis*. Where a respondent's weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to

liquidate the appropriate entries without regard to antidumping duties.

For the respondents that were not selected for individual examination in this administrative review but qualified for a separate rate, the assessment rate will be equal to the average of the weighted-average dumping margins calculated for the mandatory respondents consistent with section 735(c)(5)(B) of the Act. The weighted-average dumping margins calculated for both mandatory respondents in this review are 0.00 percent. Consequently, the rate preliminarily established for the non-individually examined companies is an *ad valorem* rate of 0.00 percent.

For entries that were not reported in the U.S. sales database submitted by the two mandatory respondents during this review, Commerce will instruct CBP to liquidate such entries at the Vietnam-wide rate. In addition, if we continue to find in the final results no shipments for the companies identified in the "Preliminary Determination of No Shipments" section above, Commerce will instruct CBP to liquidate any suspended entries of subject merchandise that entered under those companies' case numbers at the Vietnam-wide rate.¹⁶

For the final results, if we continue to treat the 67 companies identified in Appendix II as part of the Vietnam-wide entity, we will instruct CBP to apply an *ad valorem* assessment rate of 25.76 percent to all entries of subject merchandise during the POR which were produced and/or exported by those companies.

The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from Vietnam entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) For the companies listed above, which have a separate rate, the cash deposit rate will be that established in the final results of this review (except, if the rate is zero or *de minimis*, then zero cash deposit will be required); (2) for previously investigated or reviewed Vietnam and non-Vietnam exporters not listed above

that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all Vietnam exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the existing rate for the Vietnam-wide entity of 25.76 percent; and (4) for all non-Vietnam exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Vietnam exporter that supplied that non-Vietnam exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Dated: April 8, 2019.

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Atlantic Coastal Fisheries Cooperative Management Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permits

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; request for comments.

SUMMARY: The Acting Assistant Regional Administrator for Sustainable Fisheries, Greater Atlantic Region, NMFS, has made a preliminary determination that an Exempted Fishing Permit application from the New England Aquarium contains all the required information and warrants further consideration. Regulations under the Magnuson-Stevens Fishery Conservation and Management Act and the Atlantic Coastal Fisheries Cooperative Management Act require publication of this notice to provide interested parties the opportunity to comment on applications for proposed Exempted Fishing Permits.

DATES: Comments must be received on or before May 7, 2019.

ADDRESSES: You may submit written comments by any of the following methods:

- *Email:* NMFS.GAR.EFP@noaa.gov. Include in the subject line “Comments on NEAQ Ropeless Fishing EFP.”
- *Mail:* Michael Pentony, Regional Administrator, NMFS, Greater Atlantic Regional Fisheries Office, 55 Great Republic Drive, Gloucester, MA 01930. Mark the outside of the envelope “Comments on NEAQ Ropeless Fishing EFP.”

FOR FURTHER INFORMATION CONTACT:

Laura Hansen, Fishery Management Specialist, (978) 281–9225.

SUPPLEMENTARY INFORMATION: The New England Aquarium (NEAQ) submitted a complete application for an Exempted Fishing Permit (EFP) on March 25, 2019, to conduct fishing activities that the regulations would otherwise restrict. NEAQ is requesting an exemption from Federal lobster regulations that would authorize two federally-permitted commercial lobster vessels to participate in a ropeless lobster gear study. NEAQ is requesting an exemption from the following regulation:

1. Gear marking requirements to allow for the use of a single buoy marker on a trawl of more than three traps (50 CFR 697.21(b)(2)).

The purpose of this study is to test a prototype ropeless fishing system as a potential technique to prevent entanglements of protected species, primarily North Atlantic right whales. This study is funded through the Bycatch Reduction Engineering Program (NA18NMF4720279).

The EFP would authorize two participating vessels to deploy two experimental trawls consisting of five or more traps. Experimental trawls would have a rope spool, fitted with an acoustic release, deployed on one end of the trawl, with a buoy line attached to the other. Soak time would be between 2–5 days, but may be modified depending on what each fisherman decides is appropriate for fishing. Sampling would occur from May to September, 2019 in Lobster Conservation Management Area 3. Initial deployments would be overseen by a Woods Hole Oceanographic Institute engineering team, but later would be observed by NEAQ personnel. There would be a total of 42 deployments of experimental trawls.

If approved, the applicant may request minor modifications and extensions to the EFP throughout the year. EFP modifications and extensions may be granted without further notice if
