

the gunboat at any location along the slope.

(b) The design safety factor of the hoist rope will be maintained at all times as not less than three times the values specified in 30 CFR 75.1431.

(c) A detailed inspection procedure of the ropes and terminations used at the mine will be posted in the hoist house and complied with at all times.

(d) A secondary safety connection will be securely fastened around the gunboat and securely fastened to the hoisting rope at a point above the main connecting device. The secondary safety connection must meet the safety factor requirements described in Item (b) above. The secondary safety connection will be the same size as or greater than the primary hoist rope and properly terminated above the primary hoist rope attachment with at least two clips on each end or with equivalent strength chains.

(e) At least 2 feet of clearance must be maintained between the highest part of the secondary attachment and the head sheave when the gunboat is positioned in the full dump position.

(f) Within 60 days after the Proposed Decision and Order (PDO) becomes final, the petitioner will submit proposed revisions for its approved 30 CFR part 48 training plan to the District Manager. These proposed revisions will include initial and refresher training regarding compliance with the PDO.

The petitioner asserts that the alternative method will guarantee no less than the same measure of protection for all miners than that of the existing standard.

OFFICE OF MANAGEMENT AND BUDGET

Public Availability of Fiscal Year (FY) 2017 Agency Inventories Under the Federal Activities Inventory Reform (FAIR) Act

AGENCY: Office of Management and Budget (OMB), Executive Office of the President.

ACTION: Notice of public availability of agency inventories of activities that are not inherently governmental and of activities that are inherently governmental.

SUMMARY: The Federal Activities Inventory Reform (FAIR) Act, Public Law 105-270, requires covered agencies to develop an annual inventory of activities performed by their employees that are not inherently governmental functions. In addition, OMB Circular A-

76, *Performance of Commercial Activities*, requires covered agencies to develop an annual inventory of activities performed by their employees that are inherently governmental functions. These inventories help the agencies gain a better understanding of how labor is being used to carry out their mission. After OMB review, the agencies are required to make their list of activities available to the public. In accordance with the FAIR Act, OMB is publishing this notice to announce the availability of the inventories for Fiscal Year (FY) 2017 from the agencies listed below. These inventories include both activities that are not inherently governmental and activities that are inherently governmental. If an agency has not yet posted its inventory on its website, the agency's point of contact should be able to provide assistance.

As provided in the FAIR Act, interested parties who disagree with the agency's initial judgment may challenge the inclusion or the omission of an activity on the list of activities that are not inherently governmental within 30 working days of this Notice and, if not satisfied with this review, may appeal to a higher level within the agency.

Russell T. Vought,
Acting Director.
