Overview of This Information Collection

(1) *Type of Information Collection:* New collection.

(2) *The Title of the Form/Collection:* Survey of Law Enforcement Personnel in Schools (SLEPS).

(3) *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* The form number for the agency survey is SLEPS–1; the form number for the officer survey is SLEPS–2. The applicable component within the Department of Justice is the Bureau of Justice Statistics, in the Office of Justice Programs.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Respondents will be law enforcement agencies (LEAs), including school-based police; municipal, county, and regional police; sheriff's offices; and school resource officers (SROs) employed by these LEAs.

SLEPS will examine law enforcement involvement in ensuring safety in schools by conducting both an agency-level and an officer-level survey. The agency-level survey asks about departmental policies and agreements with schools; funding sources and the number/type of schools served; and SRO recruitment, training, and supervision. The officer-level survey asks SROs about their experience as a law enforcement officer, training, activities in schools, and characteristics of their primary assignment. SLEPS will provide key national statistics to fill the knowledge gap surrounding law enforcement in schools and further the school safety agenda.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* An agency-level survey will be sent to approximately 1,982 LEA respondents. The expected burden placed on these respondents is about 30 minutes per respondent. These respondents will also receive an officer roster form which has an expected burden of about 10 minutes per respondent. It is expected that approximately 1,367 agencies will complete the roster form. A point of contact (POC) at these 1,367 agencies will be asked to distribute an officer-level survey to approximately 4,137 school resource officers. The expected burden is about 20 minutes per POC to distribute survey materials and about 30 minutes per officer to complete the survey.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total respondent burden is approximately 3,743 burden hours.

SUPPLEMENTARY INFORMATION: DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of Management and Budget (OMB) for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

The information collection described in this notice will provide data to (1) estimate the number of business establishments that currently operate apprenticeship and apprenticeship-like earn-and-learn programs across industry groups, and (2) document descriptive information on these existing programs. This research is in direct response to Executive Order 13801, “Expanding Apprenticeships in America” (www.whitehouse.gov/presidential-actions/3245/), as well as the Secretary of Labor and the Office of Apprenticeship’s efforts to promote and expand apprenticeship and to establish Industry-Recognized Apprenticeship Programs (IRAPs).

The information collection activities include a brief five- to 10-minute survey of businesses that will gather information on any existing apprenticeship and apprenticeship-like earn-and-learn programs they operate. In addition to the survey, the study includes follow-up interviews with a purposive sample of businesses identified as having apprenticeship-like programs through the survey. The interview protocol will be used to gather more detailed, in-depth information on the existing programs, including the types of participants they serve, the skills they address, the certifications they provide, as well as how the businesses work with organizations to accredit the programs. The interview protocol will also inquire about businesses’ training decisions and experiences.

This **Federal Register** Notice provides the opportunity to comment on these two proposed data collection instruments. Additional details on each are presented below.

■ **Business Survey.** Researchers will field a brief five- to 10-minute web-based survey of businesses that will gather information on any existing work-based learning programs they operate. Businesses that prefer to do so will be able to complete the survey over the phone.

■ **Business Follow-up Interview Protocol.** Researchers will conduct half-hour phone interviews with a purposive sample of up to 120 businesses identified as having apprenticeship-like programs through the business survey.

Executive Order 13801, “Expanding Apprenticeships in America” authorizes this information collection.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention 1205–0NEW.

Submitted comments will also be a matter of public record for this ICR and posted on the internet, without redaction. DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.
