You may inspect and photocopy all written comments, by appointment only, at USPS® Headquarters Library, 475 L'Enfant Plaza SW, 11th Floor North, Washington, DC 20260. These records are available for review on Monday through Friday, 9 a.m.–4 p.m., by calling 202-268-2906.

FOR FURTHER INFORMATION CONTACT:

Karen Key at (202) 268-7492, Catherine Knox at (202) 268-5636, or Garry Rodriguez at (202) 268-7281.

SUPPLEMENTARY INFORMATION: The Postal Service is proposing to amend the DMM in various sections for clarity and consistency in the standards regarding forms of identification.

The Postal Service is proposing to add a new section 608.10.0, *Forms of Identification*. This new section will act as the primary source for consistent standards on forms of acceptable and unacceptable identification. DMM section 608.10.0 will include subsections that: (1) Provide a table of the products and services that require forms of acceptable identification and the number of forms (primary and secondary) required, (2) provide a description of "primary" forms of acceptable identification and include a table of which "primary" forms are acceptable for each product and service, (3) provide a description of "secondary" forms of acceptable identification, and

(4) provide examples of forms of unacceptable identification.

Changes to the “primary” forms of acceptable identification will also specify that some forms of foreign identification are accepted, including for establishing Post Office Box service. The use of university identification cards for certain services is being eliminated. University identification cards are not recognized as proof of identity by other federal agencies such as the TSA, IRS, and the State Department.

The Postal Service is also proposing to amend the applicable product and service sections to point to the new section 608.10.0. This will remove inconsistent and redundant text from the DMM. This includes amending current section 507.2.1.4a to expressly require a “primary” form of acceptable identification under 608.10.3 when presenting Form 3575, *Mail Forwarding Change of Address Order*, at a Post Office. The filing methods for a change-of-address will be limited to presenting Form 3575 at a Post Office or using internet Change of Address (ICOA) at <https://moversguide.usps.com>. The Postal Service will also update Form 3575 to reflect this requirement.

In addition, the Postal Service will update *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM®) and Publication 52, *Hazardous, Restricted, and Perishable Mail*, under separate cover.

We believe the proposed revisions will ensure clarity and consistency enabling the Postal Service to provide a superb customer experience from sender to receiver.

1.8 Commercial Mail Receiving Agencies

1.8.1 Procedures

The procedures for establishing a commercial mail receiving agency (CMRA) are as follows:

* * * * *

[Revise the text of item b to read as follows:]

b. Each CMRA must register with the Post Office responsible for delivery. Any person who establishes, owns, or manages a CMRA must provide Form 1583–A, *Application to Act as a Commercial Mail Receiving Agency*, to the postmaster (or designee) responsible for the delivery address. The CMRA owner or manager must complete all entries and sign the Form 1583–A. The CMRA owner or manager must provide a primary and secondary form of acceptable identification under 608.10.0. It must contain sufficient information to confirm that the applicant is who he or she claims to be and is traceable to the bearer. The postmaster (or designee) may retain a photocopy of the acceptable identification for verification purposes and must list and record sufficient information to identify the two types of acceptable identification on Form 1583–A (block 10). Furnishing false information on the application or refusing to give required information is reason for denying the application. When any information required on Form 1583–A changes, the CMRA owner or manager must file a revised

application (write “revised” on the form) with the postmaster.

* * * * *

1.8.2 Delivery to CMRA

Procedures for delivery to a CMRA are as follows:

[Revise the text of item a to read as follows:]

a. Mail delivery to a CMRA requires that the CMRA owner or manager and each addressee complete and sign Form 1583, *Application for Delivery of Mail Through Agent*. Spouses may complete and sign one Form 1583. Each spouse must provide a primary and secondary form of acceptable identification under 608.10.0. If any information that is required on Form 1583 is different for either spouse it must be entered in the appropriate box. A parent or guardian may receive delivery of a minor’s mail by listing the name(s) of each minor on Form 1583 (block 12). The CMRA owner or manager, authorized employee, or a notary public must witness the signature of the addressee. The addressee must complete all entries on Form 1583. The CMRA owner or manager must verify the documentation to confirm that the addressee resides or conducts business at the permanent address shown on Form 1583. The address is verified if there is no discrepancy between information on the application and the identification presented. If the information on the application does not match the identification, the applicant must substantiate to the CMRA that the applicant resides or conducts business at the address shown. A document from a governmental entity or recognized financial institution or a utility bill with the applicant’s name and current permanent address may be used for such purpose. If the applicant is unable to substantiate the address, the CMRA must deny the application. Furnishing false information on the application or refusing to give required information is reason for withholding the addressee’s mail from delivery to the agent and returning it to the sender. When any information required on Form 1583 changes, the addressee must file a revised application (write “revised” on the form) with the CMRA. The addressee must provide a primary and secondary form of acceptable identification under 608.10.0. It must contain sufficient information to confirm that the applicant is who he or she claims to be and is traceable to the bearer. The CMRA owner or manager may retain a photocopy of the identification for verification purposes. The CMRA owner or manager must list and record sufficient information to

identify the primary and secondary forms of acceptable identification on Form 1583 (block 8) and write the complete CMRA delivery address used to deliver mail to the addressee on Form 1583 (block 3).

The facility need not be the one where destination caller service is desired. An incomplete or falsified application is sufficient reason to deny or discontinue service. SUPPLEMENTARY INFORMATION:

A. Why are revisions to state programs necessary?

States that have received final authorization from EPA under RCRA section 3006(b), 42 U.S.C. 6926(b), must maintain a hazardous waste program that is equivalent to, consistent with, and no less stringent than the federal program. As the federal program changes, states must change their programs and ask EPA to authorize the changes. Changes to state programs may be necessary when federal or state statutory or regulatory authority is modified or when certain other changes occur. Most commonly, states must change their programs because of changes to EPA's regulations in 40 Code of Federal Regulations (CFR) parts 124, 260 through 268, 270, 273, and 279.

New federal requirements and prohibitions imposed by federal regulations that EPA promulgates pursuant to the Hazardous and Solid Waste Amendments of 1984 (HSWA) take effect in authorized states at the same time that they take effect in unauthorized states. Thus, EPA will implement those requirements and prohibitions in New Hampshire, including the issuance of new permits implementing those requirements, until the State is granted authorization to do so.

B. What decisions has EPA made in this rule?

On September 10, 2018, New Hampshire submitted a complete program revision application seeking authorization of changes to its hazardous waste program that correspond to certain federal rules promulgated between July 1, 1986 and June 30, 2014 (also known as Non-HSWA, HSWA, and RCRA Clusters). EPA concludes that New Hampshire's application to revise its authorized program meets all of the statutory and regulatory requirements established under RCRA, as set forth in RCRA section 3006(b), 42 U.S.C. 6926(b), and 40 CFR part 271. Therefore, EPA
