

Federal preparedness, protection, response, recovery, and mitigation for natural disasters, acts of terrorism, and other man-made disasters. FEMA is requesting that individuals who are interested in and qualified to serve on the NAC apply for appointment to an open position in one of the following discipline areas: Disabilities, Access and Functional Needs (Representative), Elected State Government Official (Representative), Emergency Management (Representative), Emergency Medical Provider (Representative), Non-Elected Local Government Official (Representative), Non-Elected State Government Official (Representative), Public Health (Special Government Employee (SGE)), Standards Setting and Accrediting (Representative or Regular Government Employee (RGE)), and Ex Officio (RGE). The Administrator may appoint up to three (3) additional candidates to serve as FEMA Administrator Selections (as SGE appointments). For one of the Administrator's Selection positions, the Administrator may appoint an "emerging leader" in emergency management. This position is for an individual who has academic experience in emergency management, served in the FEMA Corps program, is an alumnus of FEMA's Youth Preparedness Council, or has otherwise contributed to the field of emergency management as an emerging leader. You are encouraged to visit <https://www.fema.gov/membership-applications> for further information on expertise required to fill these positions. Appointments will be for three-year terms that start in September 2019.

The NAC Charter contains more information and can be found at: <https://www.fema.gov/media-library/assets/documents/35316>.

If you are interested, qualified, and want FEMA to consider appointing you to fill an open position on the NAC, please submit an application package to the Office of the NAC as listed in the **ADDRESSES** section of this notice. There is no application form; however, each application package **MUST** include the following information:

- Cover letter, addressed to the Office of the NAC, that includes or indicates: Current position title and employer or organization you represent, home and work addresses, and preferred telephone number and email address; the discipline area position(s) for which you are qualified; why you are interested in serving on the NAC; and how you heard about the solicitation for NAC members;
- Resume or Curriculum Vitae (CV); and

- One Letter of Recommendation addressed to the Office of the NAC.

Your application package must be eight (8) pages or less. Information contained in your application package should clearly indicate your qualifications to serve on the NAC and fill one of the current open positions. FEMA will not consider incomplete applications. FEMA will review the information contained in application packages and make selections based on: (1) Leadership attributes, (2) emergency management experience, (3) expert knowledge in discipline area, and (4) ability to meet NAC member expectations. FEMA will also consider overall NAC composition, including geographic diversity and mix of officials, emergency managers, and emergency response providers from state, local, and tribal governments, when selecting members.

Appointees may be designated as an SGE as defined in section 202(a) of title 18, United States Code, as a Representative member, or as an RGE. SGEs speak in a personal capacity as experts in their field and Representative members speak for the stakeholder group they represent. Candidates selected for appointment as SGEs are required to complete a new entrant Confidential Financial Disclosure Form (Office of Government Ethics (OGE) Form 450) each year. You can find this form at the Office of Government Ethics website (<http://www.oge.gov>). However, please do not submit this form with your application.

The NAC generally meets in person twice per year. FEMA does not pay NAC members for their time, but may reimburse travel expenses such as airfare, per diem to include hotel stays, and other transportation costs within federal travel guidelines when pre-approved by the Designated Federal Officer. NAC members must serve on one of the three NAC Subcommittees, which meet regularly by teleconference. FEMA estimates the total time commitment for subcommittee participation to be 1–2 hours per week (more for NAC leadership).

DHS does not discriminate on the basis of race, color, religion, sex, national origin, political affiliation, sexual orientation, gender identity, marital status, disability and genetic information, age, membership in an employee organization, or other non-merit factor. DHS strives to achieve a widely diverse candidate pool for all of its recruitment actions. Current DHS and FEMA employees, including FEMA Reservists, are not eligible for membership. Federally registered lobbyists may apply for positions

designated as Representative appointments but are not eligible for positions that are designated as SGE appointments.

Administrator, Federal Emergency Management Agency.

BILLING CODE 9111–48–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA–2019–0002]

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: New or modified Base (1-percent annual chance) Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, and/or regulatory floodways (hereinafter referred to as flood hazard determinations) as shown on the indicated Letter of Map Revision (LOMR) for each of the communities listed in the table below are finalized. Each LOMR revises the Flood Insurance Rate Maps (FIRMs), and in some cases the Flood Insurance Study (FIS) reports, currently in effect for the listed communities. The flood hazard determinations modified by each LOMR will be used to calculate flood insurance premium rates for new buildings and their contents.

DATES: Each LOMR was finalized as in the table below.

ADDRESSES: Each LOMR is available for inspection at both the respective Community Map Repository address listed in the table below and online through the FEMA Map Service Center at <https://msc.fema.gov>.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646–7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final flood hazard

determinations as shown in the LOMRs for each community listed in the table below. Notice of these modified flood hazard determinations has been published in newspapers of local circulation and 90 days have elapsed since that publication. The Deputy Associate Administrator for Insurance and Mitigation has resolved any appeals resulting from this notification.

The modified flood hazard determinations are made pursuant to section 206 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The new or modified flood hazard information is the basis for the

floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to remain qualified for participation in the National Flood Insurance Program (NFIP).

This new or modified flood hazard information, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities.

This new or modified flood hazard determinations are used to meet the floodplain management requirements of

the NFIP and are used to calculate the appropriate flood insurance premium rates for new buildings, and for the contents in those buildings. The changes in flood hazard determinations are in accordance with 44 CFR 65.4.

Interested lessees and owners of real property are encouraged to review the final flood hazard information available at the address cited below for each community or online through the FEMA Map Service Center at <https://msc.fema.gov>.
