OFFICE OF MANAGEMENT AND BUDGET

Invitation for Public Comments Concerning a Staff Discussion Paper on Conformance of the Cost Accounting Standards to Generally Accepted Accounting Principles

AGENCY: Cost Accounting Standards Board, Office Federal Procurement Policy, Office of Management and Budget.

ACTION: Notice.

SUMMARY: The Office of Federal Procurement Policy, Cost Accounting Standards Board, invites public comments concerning a Staff Discussion Paper (SDP) on conformance of the Cost Accounting Standards (CAS) to Generally Accepted Accounting Principles (GAAP).

DATES: Comments must be in writing and must be received by May 13, 2019.

ADDRESSES: Due to delays in OMB's receipt and processing of mail, respondents are strongly encouraged to submit comments electronically to ensure timely receipt. Electronic comments should be submitted to CASB@omb.eop.gov. Be sure to include your name, title, organization, and reference case CASB 2019–01. If you must submit by regular mail, please do so at Office of Federal Procurement Policy, 725 17th Street NW, Washington, DC 20503, ATTN: Raymond Wong.

Please note that all comments received are subject to the Freedom of Information Act, considered public, and will be posted in their entirety, including any personal and/or business confidential information provided. Do

not include any information you would not like to be made publically available.

FOR FURTHER INFORMATION CONTACT:

Raymond Wong, Cost Accounting Standards Board Director (Telephone 202–395–6805).

Availability: The full text of the SDP is available on the Office of Management and Budget homepage at: <https://www.whitehouse.gov/wp-content/uploads/2019/03/2019-01-SDP-suppl.pdf>.

SUPPLEMENTARY INFORMATION:

A. Regulatory Process

Rules, regulations and standards issued by the Cost Accounting Standards Board (Board) are codified at 48 CFR Chapter 99. Pursuant to 41 U.S.C. 1502(c), the Board, prior to the establishment of any new or revised Cost Accounting Standard (CAS or Standard), is required to complete a prescribed rulemaking process. The process generally consists of the following four steps:

1. Consult with interested persons concerning the advantages, disadvantages and improvements anticipated in the pricing and administration of Government contracts as a result of the adoption of a proposed Standard.
2. Promulgate an Advance Notice of Proposed Rulemaking.
3. Promulgate a Notice of Proposed Rulemaking.
4. Promulgate a Final Rule.

This notice is the first step of the four-step process.

B. Background and Summary

The Office of Federal Procurement Policy (OFPP), Cost Accounting Standards Board, is releasing an SDP on the conformance of CAS to GAAP. The SDP has been developed as part of the rulemaking process set forth at 41 U.S.C. 1502(c), which requires the Board to consult with interested persons concerning the advantages, disadvantages, and improvements anticipated in the pricing and administration of Government contracts as a result of the adoption of a proposed Standard prior to the promulgation of any new or revised CAS. The full text of the SDP is available on the Office of Management and Budget homepage at: <https://www.whitehouse.gov/wp-content/uploads/2019/03/2019-01-SDP-suppl.pdf>.

The National Defense Authorization Act of FY2017 (Pub. L. 114–328, 130 Stat. 2273) amended 41 U.S.C. 1501(c)(2) to require the Board to review CAS and conform them, where practicable, to GAAP. In addition, the

amended 41 U.S.C. 1502(e) requires the Board to submit an annual report to the Congressional defense committees, the Committee on Oversight and Government Reform of the House of Representatives, and the Committee on Homeland Security and Governmental Affairs of the Senate describing the action taken during the prior year to conform CAS with GAAP and to minimize the burden on contractors while protecting the interests of the Federal Government.

The SDP solicits the public's views with respect to the Board's statutory requirement to conform CAS to GAAP. The SDP reflects research accomplished to date by the Board in the respective subject area, and is issued by the Board in accordance with the requirements of 41 U.S.C. 1502(c). Respondents are encouraged to provide comments to the questions raised by the Board, although the Board also welcomes identification and comment on any other important issues related to conformance of CAS to GAAP. The Board continues to be especially appreciative of comments and suggestions that attempt to consider the concerns of all parties to the contracting process.

C. Public Comments

Interested persons are invited to participate by providing input with respect to conformance of CAS to GAAP. All comments must be in writing and submitted as instructed in the **ADDRESSES** section.

Please note that all comments received are subject to the Freedom of Information Act, considered public, and will be posted in their entirety, including any personal and/or business confidential information provided. Do not include any information you would not like to be made publically available.

Lesley A. Field,

Deputy Administrator.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice: 19–006]

Notice of Information Collection

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of information collection.

SUMMARY: The Office of Chief Health and Medical Officer (OCHMO), within the National Aeronautics and Space Administration (NASA) as part of its continuing effort to reduce public

burden and maximize the utility of government information, provides the general public and other Federal agencies the opportunity to comment on an information collection project, as required by the Paperwork Reduction Act of 1995. This notice invites comment on an information collection project titled, "Electronic Medical Record for Implementation of TREAT Astronaut Act." The TREAT Astronaut Act is subsection 441 within the National Aeronautics and Space Administration Transition Authorization Act of 2017 (115th Congress, <https://www.congress.gov/115/plaws/pub10/PLAW-115pub110.pdf>).

The goal is to maintain digital medical records of routine health care, emergency treatment, and scheduled examinations for active or retired astronauts in order to develop a knowledge base and address gaps in services in support of medical monitoring, diagnosis and treatment of conditions associated with human space flight.

DATES: All comments should be submitted within 30 calendar days from the date of this publication.

ADDRESSES: You may submit comments by any of the following methods:

- *Federal eRulemaking Portal:* <http://www.Regulations.gov>. Follow the instructions on-line for submitting comments.

- *Mail:* Gatrie Johnson, National Aeronautics and Space Administration, 300 E Street SW, Washington, DC 20546-0001.

Instructions: All submissions received must include the agency name. NASA will post, without change, all relevant comments to *Regulations.gov*.

FOR FURTHER INFORMATION CONTACT: To request additional information or to obtain a copy of the information collection plan and instruments, contact Gatrie Johnson, National Aeronautics and Space Administration, 300 E Street SW, Washington, DC 20546-0001, 202-358-1013.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires Federal agencies to provide a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each new

proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to the OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

I. Abstract

The project includes standard use of Electronic Medical Records (EMR) under NASA 10 HIMS regulations at Johnson Space Center (JSC) Occupational Health Branch (OHB) by authorized healthcare providers assigned to, employed by, contracted to, or under partnership agreement with the JSC, OHB. This EMR will be used in support of the TREAT Astronaut Act to generate medical records of medical care, diagnosis, treatment, surveillance examinations (e.g., flight certification, special purpose and health maintenance), and exposure records (e.g., hazardous materials and ionizing radiation).

Background and Brief Description

Management and utilization of the EMR at JSC, OHB clinics will be carried out in support of the TREAT Astronaut Act. The approved Public Law 115-10 states:

This law authorizes the National Aeronautics and Space Administration (NASA) to provide for:

- *The medical monitoring and diagnosis of a former United States government astronaut or a former payload specialist for conditions that the Administrator considers potentially associated with human space flight; and*
- *the treatment of a former United States government astronaut or a former payload specialist for conditions that the Administrator considers associated with human space flight, including scientific and medical tests for psychological and medical conditions.*

In order to implement the necessary supportive clinical services, accurate digital medical records will be established in the EMR for each visit to the OHB clinics. The legal medical record is the documentation of health care services provided to an individual; it is used for clinical decision making, following accurate recording of observations, actions and analysis of diagnostic tests. The legal medical record in this instance is digital recorded data collected and used for providing healthcare at the OHB Clinics.

Additionally, the medical record is used as a tool for evaluating the adequacy, appropriateness and quality of care.

The OHB clinics at JSC will create, maintain and securely archive digital medical records and physical examination records of Astronauts and payload specialists. Such records shall contain standard clinical information resulting from physical examinations, laboratory and other relevant diagnostic tests, and medical history surveys; screening examination results; immunization records; administration of medications prescribed by private/personal or NASA flight surgeon physicians; consultation records; and hazardous exposure as well as other health hazard/abatement data.

NASA collects, archives, and secures information from individuals visiting the OHB clinics requiring routine medical examination in compliance with the following regulations:

- 2015 Joint Commission (JC) Standards for Ambulatory Care IM.01.01.01, IM.02.01.03, IM.02.02.01, IM.02.02.03
- NASA Procedural Requirements, NPR 1800.1C.
- NASA Records Retention Schedules NRRS 1441.1
- 5 U.S.C. 552a, Privacy Act, 1974
- 42 U.S.C. 2472; 44 U.S.C. 3101; Public Law 92-255
- NIST SP 800-53 revision 4, Recommended Security Controls for Federal Information Systems
- NIST SP 800-53A, Techniques and Procedures for Verifying the Effectiveness of Security Controls in Federal Information Systems

IV. Requests for Comments

The OMB is particularly interested in comments that will help:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information will have practical utility;
2. Evaluate the accuracy of NASA's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Ways to enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including automated, electronic collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

Gatree Johnson,
NASA PRA Clearance Officer.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

[NARA-2019-016]

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice of certain Federal agency requests for records disposition

authority (records schedules). We publish notice in the **Federal Register** and on *regulations.gov* for records schedules in which agencies propose to dispose of records they no longer need to conduct agency business. We invite public comments on such records schedules.

DATES: NARA must receive comments by April 29, 2019.

ADDRESSES: You may submit comments by either of the following methods. You must cite the control number, which appears on the records schedule in parentheses after the name of the agency that submitted the schedule.

- *Federal eRulemaking Portal:* <http://www.regulations.gov>.
- *Mail:* Records Appraisal and Agency Assistance (ACR); National Archives and Records Administration; 8601 Adelphi Road; College Park, MD 20740-6001.

FOR FURTHER INFORMATION CONTACT: Records Management Operations by email at request.schedule@nara.gov, by mail at the address above, or by phone at 301-837-1799.

SUPPLEMENTARY INFORMATION:

Public Comment Procedures

We are publishing notice of records schedules in which agencies propose to dispose of records they no longer need to conduct agency business. We invite public comments on these records schedules, as required by 44 U.S.C. 3303a(a), and list the schedules at the end of this notice by agency and subdivision requesting disposition authority.

In addition, this notice lists the organizational unit(s) accumulating the records or states that the schedule has agency-wide applicability. It also provides the control number assigned to each schedule, which you will need if you submit comments on that schedule. We have uploaded the records schedules and accompanying appraisal memoranda to the *regulations.gov*

docket for this notice as “other” documents. Each records schedule contains a full description of the records at the file unit level as well as their proposed disposition. The appraisal memorandum for the schedule includes information about the records.

We will post comments, including any personal information and attachments, to the public docket unchanged. Because comments are public, you are responsible for ensuring that you do not include any confidential or other information that you or a third party may not wish to be publicly posted. If you want to submit a comment with confidential information or cannot otherwise use the *regulations.gov* portal, you may contact request.schedule@nara.gov for instructions on submitting your comment.

We will consider all comments submitted by the posted deadline and consult as needed with the Federal agency seeking the disposition authority. After considering comments, we will post on *regulations.gov* a “Consolidated Reply” summarizing the comments, responding to them, and noting any changes we have made to the proposed records schedule. We will then send the schedule for final approval by the Archivist of the United States. You may elect at *regulations.gov* to receive updates on the docket, including an alert when we post the Consolidated Reply, whether or not you submit a comment. You may request additional information about the disposition process through the contact information listed above.

We will post schedules on our website in the Records Control Schedule (RCS) Repository, at <https://www.archives.gov/records-mgmt/rcs>, after the Archivist approves them. The RCS contains all schedules approved since 1973.
