

month will be made available to the eligible telecommunications carrier providing Lifeline service to the qualifying low-income consumer, if that carrier certifies to the Administrator that it will pass through the full amount of Tier-Two support to its qualifying, low-income consumers and that it has received any non-federal regulatory approvals necessary to implement the required rate reduction.

(3) *Tier Three.* Additional federal Lifeline support in an amount equal to one-half the amount of any state-mandated Lifeline support or Lifeline support otherwise provided by the carrier, up to a maximum of \$1.75 per month in federal support, will be made available to the carrier providing Lifeline service to a qualifying low-income consumer if the carrier certifies to the Administrator that it will pass through the full amount of Tier-Three support to its qualifying low-income consumers and that it has received any non-federal regulatory approvals necessary to implement the required rate reduction.

(4) *Tier Four.* Additional federal Lifeline support of up to \$25 per month will be made available to an eligible telecommunications carrier providing Lifeline service to an eligible resident of Tribal lands, as defined in § 54.400(e), to the extent that:

(i) This amount does not bring the basic local residential rate (including any mileage, zonal, or other non-discretionary charges associated with basic residential service) below \$1 per month per qualifying low-income subscribers; and

(ii) The eligible telecommunications carrier certifies to the Administrator that it will pass through the full Tier-Four amount to qualifying eligible residents of Tribal lands and that it has received any non-federal regulatory approvals necessary to implement the required rate reduction.

(b) For a qualifying low-income consumer who is not an eligible resident of Tribal lands, as defined in § 54.400(e), the federal Lifeline support amount shall not exceed \$3.50 plus the tariffed rate in effect for the primary residential End User Common Line charge of the incumbent local exchange carrier serving the area in which the qualifying low-income consumer receives

service, as determined in accordance with § 69.104 or § 69.152(d) and (q) of this chapter, whichever is applicable. For an eligible resident of Tribal lands, the federal Lifeline support amount shall not exceed \$28.50 plus that same End User Common Line charge. Eligible telecommunications carriers that charge federal End User Common Line charges or equivalent federal charges shall apply Tier-One federal Lifeline support to waive the federal End-User Common Line charges for Lifeline consumers. Such carriers shall apply any additional federal support amount to a qualifying low-income consumer's intrastate rate, if the carrier has received the non-federal regulatory approvals necessary to implement the required rate reduction. Other eligible telecommunications carriers shall apply the Tier-One federal Lifeline support amount, plus any additional support amount, to reduce their lowest tariffed (or otherwise generally available) residential rate for the services enumerated in § 54.101(a)(1) through (a)(9), and charge Lifeline consumers the resulting amount.

(c) Lifeline support for providing toll limitation shall equal the eligible telecommunications carrier's incremental cost of providing either toll blocking or toll control, whichever is selected by the particular consumer.

§ 54.405 Carrier obligation to offer Lifeline.

All eligible telecommunications carriers shall:

(a) Make available one Lifeline service, as defined in § 54.401, per qualifying low-income consumer that is not currently receiving Lifeline service from that or any other eligible telecommunications carrier, and

(b) Publicize the availability of Lifeline service in a manner reasonably designed to reach those likely to qualify for the service.

(c) Notify Lifeline subscribers of impending termination of Lifeline service if the carrier has a reasonable basis to believe that the subscriber no longer meets the Lifeline-qualifying criteria, as described in § 54.409. Notification of

impending termination shall be in the form of a letter separate from the subscriber's monthly bill. A carrier providing Lifeline service in a state that has dispute resolution procedures applicable to Lifeline termination, that requires, at a minimum, written notification of impending termination, must comply with the applicable state requirements.

(d) Allow subscribers 60 days following the date of the impending termination letter required in paragraph (c) of this section in which to demonstrate continued eligibility. Subscribers making such a demonstration must present proof of continued eligibility to the carrier consistent with applicable state or federal verification requirements, as described in §54.410(c). Carriers must terminate subscribers who fail to demonstrate continued eligibility within the 60-day time period. A carrier providing Lifeline service in a state that has dispute resolution procedures applicable to Lifeline termination must comply with the applicable state requirements.

(e) *De-enrollment.* Notwithstanding §54.405(c) and (d) of this section, upon notification by the Administrator to any ETC in any state that a subscriber is receiving Lifeline service from another eligible telecommunications carrier and should be de-enrolled from participation in that ETC's Lifeline program, the ETC shall de-enroll the subscriber from participation in that ETC's Lifeline program within 5 business days. An ETC shall not be eligible for Lifeline reimbursement as described in §§54.403 and 54.407 for any de-enrolled subscriber following the date of that subscriber's de-enrollment.

EFFECTIVE DATE NOTE: At 69 FR 34600, June 22, 2004, §54.405, paragraphs (c) and (d) were added. These paragraphs contain information collection and recordkeeping requirements and will not become effective until approval has been given by the Office of Management and Budget.

§ 54.407 Reimbursement for offering Lifeline.

(a) Universal service support for providing Lifeline shall be provided di-

rectly to the eligible telecommunications carrier, based on the number of qualifying low-income consumers it serves, under administrative procedures determined by the Administrator.

(b) The eligible telecommunications carrier may receive universal service support reimbursement for each qualifying low-income consumer served. For each consumer receiving Lifeline service, the reimbursement amount shall equal the federal support amount, including the support amount described in §54.403(c). The eligible telecommunications carrier's universal service support reimbursement shall not exceed the carrier's standard, non-Lifeline rate.

(c) In order to receive universal service support reimbursement, the eligible telecommunications carrier must keep accurate records of the revenues it forgoes in providing Lifeline in conformity with §54.401. Such records shall be kept in the form directed by the Administrator and provided to the Administrator at intervals as directed by the Administrator or as provided in this Subpart.

§ 54.409 Consumer qualification for Lifeline.

(a) To qualify to receive Lifeline service in a state that mandates state Lifeline support, a consumer must meet the eligibility criteria established by the state commission for such support. The state commission shall establish narrowly targeted qualification criteria that are based solely on income or factors directly related to income. A state containing geographic areas included in the definition of "reservation" and "near reservation," as defined in §54.400(e), must ensure that its qualification criteria are reasonably designed to apply to low-income individuals living in such areas.

(b) To qualify to receive Lifeline service in a state that does not mandate state Lifeline support, a consumer's income, as defined in §54.400(f), must be at or below 135% of the Federal Poverty Guidelines or a consumer must participate in one of the following federal assistance programs: Medicaid; Food Stamps; Supplemental
