understood language, the specific information being transmitted, that the information is being transmitted to the Administrator to ensure the proper administration of the Link Up program, and that failure to provide consent will result in the subscriber being denied the Link Up benefit.

[77 FR 12968, Mar. 2, 2012, as amended at 80 FR 40935, July 14, 2015]

§ 54.405 Carrier obligation to offer Lifeline.

All eligible telecommunications carriers must:

- (a) Make available Lifeline service, as defined in §54.401, to qualifying low-income consumers.
- (b) Publicize the availability of Lifeline service in a manner reasonably designed to reach those likely to qualify for the service.
- (c) Indicate on all materials describing the service, using easily understood language, that it is a Lifeline service, that Lifeline is a government assistance program, the service is non-transferable, only eligible consumers may enroll in the program, and the program is limited to one discount per household. For the purposes of this section, the term "materials describing the service" includes all print, audio, video, and web materials used to describe or enroll in the Lifeline service offering, including application and certification forms.
- (d) Disclose the name of the eligible telecommunications carrier on all materials describing the service.
- (e) De-enrollment—(1) De-enrollment generally. If an eligible telecommunications carrier has a reasonable basis to believe that a Lifeline subscriber no longer meets the criteria to be considered a qualifying low-income consumer under §54.409, the carrier must notify the subscriber of impending termination of his or her Lifeline service. Notification of impending termination must be sent in writing separate from the subscriber's monthly bill, if one is provided, and must be written in clear, easily understood language. A carrier providing Lifeline service in a state that has dispute resolution procedures applicable to Lifeline termination that requires, at a minimum, written notification of impending termination, must

comply with the applicable state requirements. The carrier must allow a subscriber 30 days following the date of the impending termination letter required to demonstrate continued eligibility. A subscriber making such a demonstration must present proof of continued eligibility to the carrier consistent with applicable annual re-certification requirements, as described in §54.410(f). An eligible telecommunications carrier must de-enroll any subscriber who fails to demonstrate eligibility within five business days after the expiration of the subscriber's time to respond. A carrier providing Lifeline service in a state that has dispute resolution procedures applicable to Lifeline termination must comply with the applicable state requirements.

- (2) De-enrollment for duplicative support. Notwithstanding paragraph (e)(1) of this section, upon notification by the Administrator to any eligible telecommunications carrier that a subscriber is receiving Lifeline service from another eligible telecommunications carrier or that more than one member of a subscriber's household is receiving Lifeline service and therefore that the subscriber should be de-enrolled from participation in that carrier's Lifeline program, the eligible telecommunications carrier must deenroll the subscriber from participation in that carrier's Lifeline program within five business days. An eligible telecommunications carrier shall not be eligible for Lifeline reimbursement for any de-enrolled subscriber following the date of that subscriber's deenrollment.
- (3) De-enrollment for non-usage. Notwithstanding paragraph (e)(1) of this section, if a Lifeline subscriber fails to "usage" is defined in use. as §54.407(c)(2), for 30 consecutive days a Lifeline service that does not require the eligible telecommunications carrier to assess and collect a monthly fee from its subscribers, an eligible telecommunications carrier must provide the subscriber 15 days' notice, using clear, easily understood language, that the subscriber's failure to use the Lifeline service within the 15-day notice period will result in service termination for non-usage under this paragraph. Eligible telecommunications

§ 54.407

carriers shall report to the Commission annually the number of subscribers deenrolled for non-usage under this paragraph. This de-enrollment information must be reported by month and must be submitted to the Commission at the time an eligible telecommunications carrier submits its annual certification report pursuant to §54.416.

(4) De-enrollment for failure to re-certify. Notwithstanding paragraph (e)(1) of this section, an eligible telecommunications carrier must de-enroll a Lifeline subscriber who does not respond to the carrier's attempts to obtain re-certification of the subscriber's continued eligibility as required by §54.410(f); or who fails to provide the annual one-per-household re-certifications as required by §54.410(f). Prior to de-enrolling a subscriber under this paragraph, the eligible telecommunications carrier must notify the subscriber in writing separate from the subscriber's monthly bill, if one is provided, using clear, easily understood language, that failure to respond to the re-certification request will trigger deenrollment. A subscriber must be given 60 days to respond to recertification efforts. If a subscriber does not respond to the carrier's notice of impending deenrollment, the carrier must de-enroll the subscriber from Lifeline within five business days after the expiration of the subscriber's time to respond to the re-certification efforts.

(5) De-enrollment requested by subscriber. If an eligible telecommunications carrier receives a request from a subscriber to de-enroll, it must de-enroll the subscriber within two business days after the request.

[77 FR 12969, Mar. 2, 2012, as amended at 80 FR 35577, June 22, 2015; 81 FR 33090, May 24, 2016; 81 FR 45974, July 15, 2016]

EFFECTIVE DATE NOTE: 1. At 81 FR 33090, May 24, 2016, §54.405 was amended by revising paragraphs (e)(1), (3) and (4) and adding paragraph (e)(5). These paragraphs contain information collection and recordkeeping requirements and will not become effective until approval has been given by the Office of Management and Budget.

§ 54.407 Reimbursement for offering Lifeline.

(a) Universal service support for providing Lifeline shall be provided di-

rectly to an eligible telecommunications carrier based on the number of actual qualifying low-income customers it serves directly as of the first day of the month. After the National Verifier is deployed in a state, reimbursement shall be provided to an eligible telecommunications carrier based on the number of actual qualifying low-income customers it serves directly as of the first day of the month found in the National Verifier.

- (b) For each qualifying low-income consumer receiving Lifeline service, the reimbursement amount shall equal the federal support amount, including the support amounts described in §54.403(a) and (c). The eligible telecommunications carrier's universal service support reimbursement shall not exceed the carrier's rate for that offering, or similar offerings, subscribed to by consumers who do not qualify for Lifeline.
- (c) An eligible telecommunications carrier offering a Lifeline service that does not require the eligible telecommunications carrier to assess and collect a monthly fee from its subscribers:
- (1) Shall not receive universal service support for a subscriber to such Lifeline service until the subscriber activates the service by whatever means specified by the carrier, such as completing an outbound call; and
- (2) After service activation, an eligible telecommunications carrier shall only continue to receive universal service support reimbursement for such Lifeline service provided to subscribers who have used the service within the last 30 days, or who have cured their non-usage as provided for in §54.405(e)(3). Any of these activities, if undertaken by the subscriber, will establish "usage" of the Lifeline service:
- (i) Completion of an outbound call or usage of data;
- (ii) Purchase of minutes or data from the eligible telecommunications carrier to add to the subscriber's service plan:
- (iii) Answering an incoming call from a party other than the eligible telecommunications carrier or the eligible telecommunications carrier's agent or representative:
