

the period in which the transfer occurred. During a transition period from the filing of the updated line counts until the end of the funding year, the Administrator shall adjust the CAF BLS Support received by each carrier based on the updated line counts and the per-line CAF BLS, categorized by customer class and, if applicable, disaggregation zone, of the selling carrier. If the acquiring carrier does not file a quarterly update of its line counts, it will not receive CAF BLS for those lines during the transition period.

(2) Each carrier's projected data for the following funding year filed pursuant to § 54.903(a)(3) shall reflect the transfer of exchanges.

(3) Each carrier's actual data filed pursuant to § 54.903(a)(4) shall reflect the transfer of exchanges. All post-transaction CAF BLS shall be subject to true up by the Administrator pursuant to § 54.903(b)(3).

(b) In the event that a rate-of-return carrier acquires exchanges from a price-cap carrier, absent further action by the Commission, the exchanges shall receive the same amount of support and be subject to the same public interest obligations as specified in § 54.310 or § 54.312, as applicable.

(c) In the event that an entity other than a rate-of-return carrier acquires exchanges from a rate-of-return carrier, absent further action by the Commission, the carrier will receive model-based support and be subject to public interest obligations as specified in § 54.310.

(d) This section does not alter any Commission rule governing the sale or transfer of exchanges, including the definition of "study area" in part 36 of this chapter.

**§ 54.903 Obligations of rate-of-return carriers and the Administrator.**

(a) To be eligible for CAF BLS, each rate-of-return carrier shall make the following filings with the Administrator.

(1) Each rate-of-return carrier shall submit to the Administrator on March 31 of each year the number of lines it served as of the prior December 31, within each rate-of-return carrier

study area showing residential and single-line business line counts, multi-line business line counts, and consumer broadband-only line counts separately. For purposes of this report, and for purposes of computing support under this subpart, the residential and single-line business class lines reported include lines assessed the residential and single-line business End User Common Line charge pursuant to § 69.104 of this chapter, the multi-line business class lines reported include lines assessed the multi-line business End User Common Line charge pursuant to § 69.104 of this chapter, and consumer broadband-only lines reported include lines assessed the Consumer Broadband-only Loop rate charged pursuant to § 69.132 of this chapter or provided on a detariffed basis. For purposes of this report, and for purposes of computing support under this subpart, lines served using resale of the rate-of-return local exchange carrier's service pursuant to section 251(c)(4) of the Communications Act of 1934, as amended, shall be considered lines served by the rate-of-return carrier only and must be reported accordingly.

(2) A rate-of-return carrier may submit the information in paragraph (a) of this section in accordance with the schedule in § 54.1306, even if it is not required to do so. If a rate-of-return carrier makes a filing under this paragraph, it shall separately indicate any lines that it has acquired from another carrier that it has not previously reported pursuant to paragraph (a) of this section, identified by customer class and the carrier from which the lines were acquired.

(3) Each rate-of-return carrier shall submit to the Administrator annually by March 31 projected data necessary to calculate the carrier's prospective CAF BLS, including common line and consumer broadband-only loop cost and revenue data, for each of its study areas in the upcoming funding year. The funding year shall be July 1 of the current year through June 30 of the next year. The data shall be accompanied by a certification that the cost data is compliant with the Commission's cost allocation rules and does not reflect duplicative assignment of

## § 54.1001

costs to the consumer broadband-only loop and special access categories.

(4) Each rate-of-return carrier shall submit to the Administrator on December 31 of each year the data necessary to calculate a carrier's Connect America Fund CAF BLS, including common line and consumer broadband-only loop cost and revenue data, for the prior calendar year. Such data shall be used by the Administrator to make adjustments to monthly per-line CAF BLS amounts to the extent of any differences between the carrier's CAF BLS received based on projected common line cost and revenue data, and the CAF BLS for which the carrier is ultimately eligible based on its actual common line and consumer broadband-only loop cost and revenue data during the relevant period. The data shall be accompanied by a certification that the cost data is compliant with the Commission's cost allocation rules and does not reflect duplicative assignment of costs to the consumer broadband-only loop and special access categories.

(b) Upon receiving the information required to be filed in paragraph (a) of this section, the Administrator shall:

(1) Perform the calculations described in § 54.901 and distribute support accordingly;

(2) [Reserved]

(3) Perform periodic reconciliation of the CAF BLS provided to each carrier based on projected data filed pursuant to paragraph (a)(3) of this section and the CAF BLS for which each carrier is eligible based on actual data filed pursuant to paragraph (a)(4) of this section; and

(4) Report quarterly to the Commission on the collection and distribution of funds under this subpart as described in § 54.702(h). Fund distribution reporting will be by state and by eligible telecommunications carrier within the state.

### Subpart L—Mobility Fund

SOURCE: 76 FR 73877, Nov. 29, 2011, unless otherwise noted.

## 47 CFR Ch. I (10–1–19 Edition)

### § 54.1001 Mobility Fund—Phase I.

The Commission will use competitive bidding, as provided in part 1, subpart AA, of this chapter, to determine the recipients of support available through Phase I of the Mobility Fund and the amount(s) of support that they may receive for specific geographic areas, subject to applicable post-auction procedures.

### § 54.1002 Geographic areas eligible for support.

(a) Mobility Fund Phase I support may be made available for census blocks identified as eligible by public notice.

(b) Except as provided in § 54.1004, coverage units for purposes of conducting competitive bidding and disbursing support based on designated road miles will be identified by public notice for each census block eligible for support.

### § 54.1003 Provider eligibility.

(a) Except as provided in § 54.1004, an applicant shall be an Eligible Telecommunications Carrier in an area in order to receive Mobility Fund Phase I support for that area. The applicant's designation as an Eligible Telecommunications Carrier may be conditional subject to the receipt of Mobility Fund support.

(b) An applicant shall have access to spectrum in an area that enables it to satisfy the applicable performance requirements in order to receive Mobility Fund Phase I support for that area. The applicant shall certify, in a form acceptable to the Commission, that it has received any Commission approvals necessary for such access at the time it applies to participate in competitive bidding and at the time that it applies for support and that it will retain such access for five (5) years after the date on which it is authorized to receive support. Pending requests for such approvals are not sufficient to satisfy this requirement.

(c) An applicant shall certify that it is financially and technically qualified to provide the services supported by
