

§ 64.5105 Use of customer proprietary network information without customer approval.

(a) A TRS provider may use, disclose, or permit access to CPNI for the purpose of providing or lawfully marketing service offerings among the categories of service (*i.e.*, type of TRS) for which the TRS provider is currently the default provider for that customer, without customer approval.

(1) If a TRS provider provides different categories of TRS, and the TRS provider is currently the default provider for that customer for more than one category of TRS offered by the TRS provider, the TRS provider may share CPNI among the TRS provider's affiliated entities that provide a TRS offering to the customer.

(2) If a TRS provider provides different categories of TRS, but the TRS provider is currently not the default provider for that customer for more than one offering by the TRS provider, the TRS provider shall not share CPNI with its affiliates, except as provided in § 64.5107(b) of this subpart.

(b) A TRS provider shall not use, disclose, or permit access to CPNI as described in this paragraph (b).

(1) A TRS provider shall not use, disclose, or permit access to CPNI to market to a customer TRS offerings that are within a category of TRS for which the TRS provider is not currently the default provider for that customer, unless that TRS provider has customer approval to do so.

(2) A TRS provider shall not identify or track CPNI of customers that call competing TRS providers and, notwithstanding any other provision of this subpart, a TRS provider shall not use, disclose or permit access to CPNI related to a customer call to a competing TRS provider.

(c) A TRS provider may use, disclose, or permit access to CPNI, without customer approval, as described in this paragraph (c).

(1) A TRS provider may use, disclose or permit access to CPNI derived from its provision of TRS without customer approval, for the provision of CPE or iTRS access technology, and call answering, voice or video mail or messaging, voice or video storage and retrieval services.

(2) A TRS provider may use, disclose, or permit access to CPNI, without customer approval, in its provision of inside wiring installation, maintenance, and repair services.

(3) A TRS provider may use CPNI, without customer approval, to market services formerly known as adjunct-to-basic services, such as, but not limited to, speed dialing, call waiting, caller I.D., and call forwarding, only to those customers that are currently registered with that TRS provider as their default provider.

(4) A TRS provider shall use, disclose, or permit access to CPNI to the extent necessary to:

- (i) Accept and handle 911/E911 calls;
- (ii) Access, either directly or via a third party, a commercially available database that will allow the TRS provider to determine an appropriate Public Safety Answering Point, designated statewide default answering point, or appropriate local emergency authority that corresponds to the caller's location;
- (iii) Relay the 911/E911 call to that entity; and
- (iv) Facilitate the dispatch and response of emergency service or law enforcement personnel to the caller's location, in the event that the 911/E911 call is disconnected or the caller becomes incapacitated.

(5) A TRS provider shall use, disclose, or permit access to CPNI upon request by the administrator of the TRS Fund, as that term is defined in § 64.604(c)(5)(iii) of this part, or by the Commission for the purpose of administration and oversight of the TRS Fund, including the investigation and prevention of fraud, abuse, and misuse of TRS and seeking repayment to the TRS Fund for non-compensable minutes.

(6) A TRS provider may use, disclose, or permit access to CPNI to protect the rights or property of the TRS provider, or to protect users of those services, other TRS providers, and the TRS Fund from fraudulent, abusive, or unlawful use of such services.
