

§ 43.41

(2) The same part 32 of this chapter, on a study area basis, with data for regulated and nonregulated operations for those accounts which are related to the carrier's revenue requirement, and

(3) The separations categories on a study area basis, with each category further divided into access elements and a nonaccess interstate category.

(f) Each incumbent local exchange carrier with operating revenues for the preceding year that equal or exceed the indexed revenue threshold shall file, no later than April 1 of each year, a report showing for the previous calendar year its revenues, expenses, taxes, plant in service, other investment and depreciation reserves, and other such data as are required by the Commission, on computer media prescribed by the Commission. The total operating results shall be allocated between regulated and nonregulated operations, and the regulated data shall be further divided into the following categories: State and interstate, and the interstate will be further divided into common line, traffic sensitive access, special access, and nonaccess.

(g) Each incumbent local exchange carrier for whom price cap regulation is mandatory and every incumbent local exchange carrier that elects to be covered by the price cap rules shall file, by April 1 of each year, a report designed to capture trends in service quality under price cap regulation. The report shall contain data relative to network measures of service quality, as defined by the Wireline Competition Bureau, from the previous calendar year on a study area basis.

(h) Each incumbent local exchange carrier for whom price cap regulation is mandatory shall file, by April 1 of each year, a report designed to capture trends in service quality under price cap regulation. The report shall contain data relative to customer measures of service quality, as defined by the Wireline Competition Bureau, from the previous calendar year a study area basis.

(i) Each incumbent local exchange carrier for whom price regulation is mandatory shall file, by April 1 of each year, a report containing data from the previous calendar year on a study area basis that are designed to capture

47 CFR Ch. I (10–1–20 Edition)

trends in telephone industry infrastructure development under price cap regulation.

(j) Each incumbent local exchange carrier with annual operating revenues that equal or exceed the indexed revenue threshold shall file, no later than April 1 of each year, a report containing data from the previous calendar year on an operating company basis. Such report shall combine statistical data designed to monitor network growth, usage, and reliability.

(k) Each designated interstate carrier with operating revenues for the preceding year that equal or exceed the indexed revenue threshold shall file, no later than April 1 of each year, a report showing for the previous calendar year its revenues, expenses, taxes, plant in service, other investments and depreciation reserves, and such other data as are required by the Commission, on computer media prescribed by the Commission. The total operating results shall be allocated between regulated and nonregulated operations, and the regulated data shall be further divided into the following categories: State and interstate, and the interstate will be further divided into common line, traffic sensitive access, special access, and nonaccess.

§ 43.41 [Reserved]

§ 43.43 Reports of proposed changes in depreciation rates.

(a) Each communication common carrier with annual operating expenses that equal or exceed the indexed revenue threshold, as defined in § 32.9000, and that has been found by this Commission to be a dominant carrier with respect to any communications service shall, before making any changes in the depreciation rates applicable to its operated plant, file with the Commission a report furnishing the data described in the subsequent paragraphs of this section, and also comply with the other requirements thereof.
